- Peer Wellness Navigator
- Project AWARE Manager

8. Human Resources:

Since the New Mexico Public Education Department announced they are issuing renewal and initial licenses at no fee, we have been extremely busy issuing reminders to staff about their renewals. We have nineteen employees who were sent emails regarding renewals. We have worked with half of those individuals to complete our portion of the paperwork needed to renew. We have also sent reminder emails for those who have yet to apply for their renewal.

I have also reviewed two Dossiers submitted to the New Mexico Public Education Department for advancement to another level. Congratulations to both those individuals who passed and will now be advancing to another Level of licensure!

I am also sending follow up emails to the individuals who received extensions last year on their licenses and have yet to complete the requirements as set forth by the New Mexico Public Education Department. We currently have seven individuals who are in jeopardy of having their license non-renewed.
