

[Ramuda] Hey, hey, can you hear that? [Jakurai] I can
[Ramuda] In the distance [Jakurai] a babe's first cry
[Ramuda] Like light shines [Jakurai] through the [impermanence*](#)
[Ramuda] Meeting life, [Ramuda & Jakurai] tearing through the dark praying for the morning sun
[Ramuda] Now we sing a song of celebration; [Jakurai] greeting you with this melody
[Ramuda & Jakurai]
It's a birth, have you realized yet?
Stay captivated by these beats and rhyme

C'mon, clap away, today's a birthday
[Ramuda] Ramuda, [Jakurai] Jakurai, [Ramuda & Jakurai] Standby OK
Here we go! Kuujaku Posse C'mon

You know what!?
Ladidadi we like to party
Low tone and high tone, unmatched synergy
Perfect focus; no white noise
Feel something unexplainable [Ramuda] now
Happy Happy Birthday Party
Clap your hands with a newborn energy
Like we share the same mind, that's all right
Kuujaku Posse It's showtime!

[Ramuda]
I met someone who can fill the donut's hole
My dreams granted from the starting line
Hmhmhmhm~ This person called "you"
My tululu~ A breath of fresh air
Like we're in perfect harmony
You and [Jakurai] me, a su-- [Jakurai] --per [Ramuda & Jakurai] combination
Hey, what'll we do next?
All I need with me's candy and my partner

[Jakurai]
You've taught me the basics attentively
Expanded my world in ways I couldn't have fathomed alone
Colorful and flashy, as if a tapestry
Together, we weave it perfectly
Your soul has given me many things
I'd never have found on my own and
I'll repay you [Ramuda] (No worries! 'Cuz we're the strongest!)
You are truly most intriguing

[Ramuda & Jakurai]

You know what!?
Ladidadi we like to party
Low tone and high tone, unmatched synergy
Perfect focus; no white noise
Feel something unexplainable [Ramuda] now
Happy Happy Birthday Party
Clap your hands with a newborn energy
Like we share the same mind, that's all right
KuuJaku Posse It's showtime!

[Ramuda]

While living lives of fun
Let's build something classic

[Jakurai]

In a way only we can
Let us play a rhythm fantastic

[Ramuda] And graphic, [Jakurai] meaning--

[Ramuda] Kick! [Jakurai] Snare!

[Ramuda & Jakurai]

Kick Kick Snare!

We've got no spare so listen here!

[Ramuda] Calm and collected; [Jakurai] innocent and unbound;
All through the land, [Ramuda & Jakurai] pick up a Mic and jack it up

[Jakurai]

Lend a hand (Clap clap!)

One more nice shot! (Clap clap!)

[Ramuda] Hey hey, [Ramuda & Jakurai] let's keep going! (Clap clap!)

That's our rapport! (Clap clap!)

[Jakurai]

In facing my own weaknesses
I'd rather save others than fall to greed
Form is emptiness; emptiness is form
What awaits at the end of Nirvana is our goal

[Ramuda]

Out of nothing we're making supreme

New music

Creating unbound by the rules,

Unchained and free as can be

Flow like this, like that

That's designing with you

Don't look so down down!

We're delivering you a message

Eternal parent [best] friends
Posterity will remember us as the greatest Posse

[Ramuda & Jakurai]

You know what!?
Ladidadi we like to party
Low tone and high tone, unmatched synergy
Perfect focus; no white noise
Feel something unexplainable [Ramuda] now
Happy Happy Birthday Party
Clap your hands with a newborn energy
Like we share the same mind, that's all right
Kuujuaku Posse It's showtime!

(One!) *One* more time, keep on!
(Two!) *Two*gether we seek hope
(Three!) *Three*ly towards the sky
(Four!) *For* it's time to
Move on!

Now throw ya hands in the air! (air!)*
And wave'em like you just don't care! (care!)**
If you're having fun make some noise!
Somebody say Oh Yeah! (Oh Yeah!)
Now throw ya hands in the air! (Air!)
And wave'em like you just don't care! (care!)
If you're feeling good, keep making some noise!
Somebody say Oh Yeah! (Oh Yeah!)

Oh Yeah! (Oh Yeah!)

Everybody together-- Happy Birthday!

*Note: Throw your hands in the sora (空) and wave'em like you jaku (寂) don't care is a pronunciation pun on 空寂, the Kuujuaku from Kuujuaku Posse.
