# Ideation 9: Project Canvas *Note: Please make a copy to edit as you need.*

**Problem Statement** *What is the problem and what is your solution? (Ideation Lesson 6)*

**Users and People Affected**

*Who does your problem affect? (Ideation lesson 2)*
*Who will the users of your app be? (Ideation lesson 5)*

**App Features** *What will your app do?*

*What are the most important features? (Ideation Lesson 7)*
*What are some future features of your app? (Ideation Lesson 7)*

**Project**

*How will your app meet your user's needs? (Ideation lesson 5)*
*What will your project look like when you submit to Technovation Girls?*

*How does your app solve your problem? (Ideation lesson 4)*
*What will your project look like in 1 year?*

**Partners (Optional)**

*Who could help us complete the project? (Ideation Lesson 9)*
*Who will you ask for help? (Ideation Lesson 9)*

**Planning**

*What are your next steps in completing your project?*
*What do you need to do to get the project done? What technologies will you use?*
*Who will do what parts? (this can change each week)*
