

Please aim to complete 3 activities - try to pick one from each curricular area.

Literacy	Write a story about a snowy day. Draw a picture to show your story ideas.	Practise making letters and words in the snow. Ask your parent if they can read what you have written, take a photo.	How many words can you make from the letters in SNOWMAN? Write the letters on pieces of paper and move them around.	
Numeracy	Ask mum for items of food you can count with. Try adding on and taking away.	Make your own number line either inside or in the snow. Add on and take away.	Measure by footsteps how far you can throw snowballs. What is your furthest throw?	
Health and wellbeing	Use your feet or toys to make tracks in the snow which are either straight or curved.	Build a snowman which is made by rolling a ball (sphere) for the body and one for the head. What shapes can you add on?	Make an igloo and take a photograph or draw a picture. Decide on which family might live in the igloo and what might they wear.	
Other	Talk to an adult about what is used in a recipe of your choice., eg soup or cakes. What could we eat to keep warm?	Collect a range of containers of different sizes. Fill them with water and put outside. Check to see what happens to the water every few hours. You could take photographs.	Make paper snowflakes using old newspapers.

Please remember that the children can always practise their reading and spelling words as well.  
Have fun!
