NOTES:

- 1) Carrd Layout by finderqirl
- 2) Do not make a non-pro version of this.
- 3) Pro Standard friendly
- 4) You can change the colors hence why i didn't include the border colors I USED for the container settings.
- 5) Please make sure to follow the format. Here's a way to know the class of the element if ever things can go messy. Refer to the photo below for reference.
- 6) If you have any questions dm or send a dm or retrospring on [virtualcrd](#)
