

English Policy Christ Church C of E Primary

At Christ Church C of E Primary School, we recognise the central importance of English as a medium of thought, learning and expression across the curriculum and also as a subject in its own right. We believe that children need to develop their use of language in order to learn and to play a full and active role as individuals within society. English is therefore given a high priority in school and is taught daily in every class using guidance from the Primary and EYFS curriculums.
