UNIVERSAL RESTORER (NCP-56)

Safely & Easily Removes Oxidation

NCP-56 formulation removes oxidation with the use of harsh abrasives •
Is an environmentally safe product • Safe way to bring back the luster of dulled Finishes •
applies easily by hand • can be used in direct sun • Rinses off easily with soapy water •
approved, safe for use in & around USA water ways (if used as directed) • leaves the surface bare
of protection, so is now ready to be protected with either NCP-07 or NCP-69
to protect the surface from potential UV damage and to create a smooth slick deep long lasting
protective shine.

Renews old dull Finishes • Brings Back the Luster • Removes oxidation

NCP-56 Properties:

- Color _____ off-white
- Viscosity _____ 32 sec. #2 Zahn
- Percent of Solids _____ Concentrated
- Odor (liquid) _____ Fresh Scent
- V.O.C. _____ None
- Halogens _____ None
- RoHS _____ Compliant
- REACH _____ Compliant
- Clean-up _____ use clean water
