2. Legislation and guidance

This document meets the requirements under the following legislation:

- The Equality Act 2010, which introduced the Public Sector Equality Duty and protects people from discrimination
- The Equality Act 2010 (Specific Duties) Regulations 2011, which require schools to publish information to demonstrate how they are complying with the Public Sector Equality Duty and to publish equality objectives
- This document is also based on Department for Education (DfE) guidance: The Equality Act 2010 and schools.

3. Roles and responsibilities

The governing body will:

- Ensure that the equality information and objectives as set out in this statement are published and communicated throughout the school, including to staff, pupils and parents
- Ensure that the published equality information is updated at least every year, and that the objectives are reviewed and updated at least every 4 years
- Delegate responsibility for monitoring the achievement of the objectives on a daily basis to the headteacher

The link governor for equality, diversity and inclusion will:

- Attend appropriate equality and diversity training
- Report back to the full governing board regarding any issues

The headteacher will:

- Meet with the link governor for equality, diversity and inclusion at least yearly to raise and discuss any issues
- Support the headteacher in identifying any staff training needs, and deliver training as necessary

All school staff are expected to have regard to this document and to work to achieve the objectives as set out in section 8.

4. Eliminating discrimination

The school is aware of its obligations under the Equality Act 2010 and complies with non-discrimination provisions.

Where relevant, our policies include reference to the importance of avoiding discrimination and other prohibited conduct.

Staff and governors are regularly reminded of their responsibilities under the Equality Act – for example, during meetings. Where this has been discussed during a meeting it is recorded in the meeting minutes.

New staff receive training on the Equality Act as part of their induction, and all staff receive refresher training during term 1 every year.

The school has a designated member of staff for monitoring equality issues, and an equality link governor. They regularly liaise regarding any issues and make senior leaders and governors aware of these as appropriate.

5. Advancing equality of opportunity

As set out in the DfE guidance on the Equality Act, the school aims to advance equality of opportunity by:

- Removing or minimising disadvantages suffered by people that are connected to a particular characteristic they have (e.g. pupils with disabilities, or gay pupils who are being subjected to homophobic bullying)
- Taking steps to meet the particular needs of people who have a particular characteristic (e.g. enabling Muslim pupils to pray at prescribed times)
- Encouraging people who have a particular characteristic to participate fully in any activities (e.g. encouraging all pupils to be involved in the full range of school societies)

In fulfilling this aspect of the duty, the school will:

- Publish attainment data each academic year showing how pupils with different characteristics are performing

- Analyse the data referenced above to determine strengths and areas for improvement, implement actions in response and publish this information
- Make evidence available identifying improvements for specific groups (e.g. declines in incidents of homophobic or transphobic bullying)
- Publish further data about any issues associated with particular protected characteristics, identifying any issues which could affect our own pupils

6. Fostering good relations

The school aims to foster good relations between those who share a protected characteristic and those who do not share it by:

- Promoting tolerance, friendship and understanding of a range of religions and cultures through different aspects of our curriculum. This includes teaching in RE, citizenship and personal, social, health and economic (PSHE) education, but also activities in other curriculum areas. For example, as part of teaching and learning in English/reading, pupils will be introduced to literature from a range of cultures
- Holding assemblies dealing with relevant issues. Pupils will be encouraged to take a lead in such assemblies and we will also invite external speakers to contribute
- Working with our local community. This includes inviting leaders of local faith groups to speak at assemblies, and organising school trips and activities based around the local community
- Encouraging and implementing initiatives to deal with tensions between different groups of pupils within the school. For example, our school council has representatives from different year groups and is formed of pupils from a range of backgrounds. All pupils are encouraged to participate in the school's activities, such as sports clubs. We also work with parents to promote knowledge and understanding of different cultures
- Developing links with people and groups who have specialist knowledge about particular characteristics, which helps inform and develop our approach

7. Equality considerations in decision-making

The school ensures it has due regard to equality considerations whenever significant decisions are made.

The school always considers the impact of significant decisions on particular groups. For example, when a school trip or activity is being planned, the school considers whether the trip:

- Cuts across any religious holidays
- Is accessible to pupils with disabilities
- Has equivalent facilities for boys and girls

The school keeps a written record (known as an Equality Impact Assessment) to show we have actively considered our equality duties and asked ourselves relevant questions. This is recorded at the same time as the risk assessment when planning school trips and activities. The record is completed by the member of staff organising the activity and is stored electronically with the completed risk assessment.

The Full Governing Body and its committees will consider the equality implications when making strategic decisions and will take account of equality impact assessments for proposals where relevant.

EQUALITIES STATEMENT

Kingsmeadow School is committed to equal opportunities for all and the policy will be applied equally to all members of the school community regardless of age; disability; gender reassignment; pregnancy and maternity; race; religion or belief; sex and sexual orientation.

We are committed to providing a calm, caring and well-ordered environment where everyone feels safe, happy and understands the expectations of attitudes to learning in order to create an ethos conducive to excellent learning and teaching for all.

We promote a culture of praise and encouragement and expect consistency of response to both positive and negative behaviour.

We believe that positive relationships based on mutual respect, promote positive attitudes to learning and that as students learn by example, all adults within the school should act as positive role models with regard to their own behaviour.

Equality Targets

Everyone at Kingsmeadow School must strive to accept and meet the differing needs and aspirations of all members of the school community, using human resources and skills available to us all to:-

1. Safeguard individuals from all forms of abuse and harassment. We must ensure that victims can be confident of support and, where appropriate, redress. We must ensure that aggressors can never claim the excuse of acting out of ignorance.

Success Criteria

- Incidents of aggression and bullying are rare and dealt with effectively and outcome of which are recorded on our MIS (Management Information System).

2. Establish a school ethos built on mutual trust and respect. We should treat others as we would wish to be treated. We should respect other people, their property and school premises.

Success Criteria

- Students regularly receive merits and praise for their positive attitudes to learning, respect to others, their school campus and their local community.
- Incidents of disrespectful behaviour are rare and dealt with promptly and effectively and the outcome of which are recorded on our MIS.

3. Safeguard the rights and freedoms of others. We must actively pursue our aim to help students develop personal moral values which respect the values and tolerates differing religious and cultures.

Success Criteria

- Racist and homophobic incidents are extremely rare and dealt with promptly and effectively and the outcome of which are recorded on our MIS.
- Students display tolerance, support of and celebrate other cultures/religions through their work.

4. Develop an organisation which maximises pupil opportunity and experience. We must ensure that the curriculum and other activities encourages and supports the opportunity for all. We must ensure that students are not excluded from activities because of status or income.

Success Criteria

- All student groups are able to access the curriculum fully and discreet intervention results in specific gaps in student achievement narrowing and in line with the whole school population and national figures. E.g. boys, girls, students with SEND and students receiving free school meals.
