

My name is Gavin Zheng and I am running for SGA Freshman Class President. I am a determined and locked-in person. I am qualified for this position because I've been in all different kinds of clubs last year including Art Club, Mathcounts, Beta Club, and the Basketball Team. This makes me able to connect and get along with all kinds of people. My main goal this year is not to be the president but to make each and every student treated equally and enjoy being at Croatan regardless of race, gender, or interests. I will make school spirit days more fun in order for students to get involved and make this school a more comfortable place. Since I play basketball, I can also offer the perspective of students who play sports and help them get better. I encourage students to go to all sports games at Croatan. I am the one who's gonna carry all the boats and logs and motivate everyone to become the best versions of themselves. This is why you should vote for me as the President of the SGA Class of 2027.
