Acceptable Use Agreement for SPS Parent Portal

The SPS Parent Portal is provided by the Springfield Public Schools as a convenience for parents and legal guardians of Springfield Public School students to obtain information regarding their child's attendance, grades and other general information. As with all systems administered by the Springfield Public Schools, usage of the SPS Parent Portal is subject to the terms and conditions of the Acceptable Use Policy (AUP), a copy of which can be located on Springfield Public Schools' website. As noted in the AUP, usernames and passwords are not to be shared and are intended for parents/guardians only. Attendance, grades, and other information provided within the SPS Parent Portal are not official records and may not always be up-to-date or accurate. The Springfield Public School does not accept any responsibility for any damages resulting from information provided by the SPS Parent Portal. Official student records must be obtained by contacting the student's assigned school. The SPS Parent Portal allows parents/guardians to access the email address of their students' teachers. Any electronic communication sent by the parent/guardian is sent through the internet service provider or mobile carrier of that parent/guardian. Records of these transmissions are not available in the SPS Parent Portal. The Springfield Public Schools can and will monitor parent/guardian access metrics including but not limited to date/time accessed, and session duration.

I have read and understand the Acceptable Use Agreement for SPS Parent Portal. I agree to follow the rules set forth in the agreement, and I understand that if I violate the agreement my SPS Parent Portal account privileges could be terminated. I also acknowledge that I am the parent/ legal guardian of the student indicated below.
