

Reflection - Family and Community Engagement

Please make a copy of this document for you to take notes on while you watch this webinar. This document will be uploaded in the form for attendance verification.

1. How would you describe UDL in your own words?
2. Are we valuing the impact of our actions and decisions towards the community and families we serve, over our intentions?
3. Can the community and all families see themselves reflected in our work? If so, please provide examples. If not, please reflect and think of ways we could help our schools feel connected to all families in our community.
4. What is the difference between involvement and engagement?
5. What questions, reactions or wonderings do you have after watching the video?
6. What do you notice about the evolution of SEL practices (please provide 3 examples)?
7. Do you believe all your students, regardless of their background, are capable of learning at high levels? How do you communicate expectations? How do you share with caregivers?
8. What questions, reactions, or wonderings do you have after watching the video on ways to increase family engagement?
