[Career Chats](#) are virtual and highlight a variety of careers.

VIRTUAL CAREER EXPLORATION SERIES - ARCHIVED

Kent ISD's Career Chats are designed to provide 7-12 grade students a virtual opportunity to meet real professionals employed in real jobs. This series of 30-40 minute sessions will highlight professions in a variety of career pathways, giving students the opportunity to learn more about a career of interest, or to explore new options. Professionals will share their own career path, along with valuable industry insights that support student career exploration. Students will have an opportunity to ask their own questions through the platform's chat function.

All Career Chats are recorded and housed in our archive. Please visit
