

Centennial High School Science National Honor Society Application

The Centennial High School Science National Honor Society aims to improve the science community in and around Centennial High through volunteering at local STEM events and offering tutoring for students. In order to apply to SNHS, you must be an upperclassman (junior or senior), have at least a 3.4 GPA, have achieved a final grade of a B or higher in all science classes, and be currently enrolled in a GT or AP science class. **You must also submit a printed transcript from Synergy (including your classes, final grades, and GPA) and teacher recommendations to Mrs. Reynolds by October 4th.** If you have any questions, feel free to check out our website at centennialsnhs.weebly.com or email us at chs.snhs.eagles@gmail.com.

Name: _____

Grade: _____

Email Address: _____

GPA (weighted/unweighted): _____

Please type your response.

1. What extracurriculars will you be a part of in the coming year, and what are their approximate time commitments?
2. Why do you want to be a member of Science National Honor Society?
3. Have you had any research, internship, or science related experience outside the classroom? Explain.
4. Have you held any previous leadership roles?
5. How have you taken initiative during the COVID-19 pandemic to become more involved in the science community?
