

Request for Support- RFS

Directions: Fill out this form in order to request support for **one** identified student (identified through data team meetings and/or urgency) with academic, behavioral and/or social-emotional concern(s).

Once you have submitted the RFS google form, you will receive an email notification verifying your form submission. A few minutes later, you will receive the actual RFS document to fill out. It is crucial that you fill out ALL GREEN SECTIONS of the RFS. This must be done **prior** to the SAM meeting being scheduled. Reminder, these meetings will serve as a progress monitoring tool for all interventions and services across the school site.
