What's in this issue?

Word of the Week

Academic Standing

A student's academic status. To be considered in "good" academic standing, a student must maintain a minimum grade-point average that increases with the number of credits completed. A student whose average falls below the minimum will be required to reduce his or her schedule (i.e. take fewer courses each semester) until that minimum is reached.

Be sure to check with your academic advisors in college about what you need to do to stay in good standing and graduate!
