

# Team Meeting

24 Mar 2022/ 10:00 AM / Zoom

## Attendees

Pete, Peter Keller, Salma, Christine, Flora, Nancy Bacon, Martin, Andrew, Robert, Moses

## Agenda

### Last Meeting Follow-up

### Collaborator Check Ins

- Flora
  - Living in Nigeria
  - In process of founding an NGO
    - Bringing access and training to local youth
- Christine
  - Volunteers with AID Africa
- Robert
  - 100 pieces of 200W panels shipping to Salma soon
  - Should expect in June/July
- Salma
  - Goal is to find 1-2 people to join him in helping train/disseminate ISEC
  - Looking for partners
- Andrew
  - \$20 for outer casing for new ISEC prototype
    - Will decrease after ordering/buying more

## Notes

- After meeting with collaboration between AID Africa and ASEI
  - I-button » monitors the cookers
  - Problem with using ISECs at refugee camps no funding or way of paying for them
  - Uganda is a land-locked country; delivering solar panels is a bit more complicated
  - Malawi is also land locked, but able to find better on land transportation than those who are shipping
