Vote Like a Radical Framing

This was collaboratively written by and features an amazing crew of activists - Nick Tilsen, Bill Fletcher Jr., Ash-Lee Woodard Henderson, Gaby Strong, Rinku Sen, Sadia Abbas, April Rosenblum, Korina Barry, Sarah Sunshine Manning, Ricardo Levins Morales, and Dakota Camacho - who all feel that rather than have this debate every four years, we want up-and-coming activists to learn quickly that there is a radical way to approach voting, so we can move on to bigger organizing work.
