Subject: Annual Compliance Information – Please Review

Sent: Tue, Sep 30, 11:07 AM

Dear MIAD Student:

As part of our commitment to a safe, supportive, and legally compliant learning environment, we are required to share the following compliance information with you each year. No action is required on your part, but please take a few minutes to review the materials linked below.

Annual Compliance Information

- **Code of Conduct / Student Handbook**

The Student Code of Conduct outlines the standards of behavior and academic integrity expected of every student. It covers topics such as classroom conduct, respect for others, use of campus facilities, and procedures for addressing violations. The Student Handbook has a number of other student-related policies and procedures.

- **Non-Discrimination & Equal Opportunity Policy**

Our institution is committed to providing an environment free from discrimination and harassment. This policy describes protections based on race, color, religion, national origin, gender, sexual orientation, disability, and other characteristics, as well as steps to take if you experience bias or discrimination.

- **Student Right-to-Know**

The Student Right-to-Know Act of 1990 requires all post-secondary schools in the country to disclose their graduation rates and other statistics to all prospective and enrolled students.

The Milwaukee Institute of Art & Design's current graduation rate is 66.2%. This rate is based on statistics of students who entered MIAD in the Fall of 2018 as first-year students with no previous college credit. It represents those students who enrolled as full-time students who completed their degree in six years. This rate represents only a portion of MIAD's graduating population. It does not include part-time students, transfer students or students who started in spring.

MIAD provides additional statistical information on MIAD's website:
