

OK, here's the deal. I will plan to drive down to St. Louis to pick up the extra dogs and take them to Mt. Pleasant, BUT, we still need a driver for the PAWS Mobile. There is no way I can take them all and no way I can drive two vehicles. Sorry -- haven't figured out the cloning thing yet.

But this means **we need a driver for the PAWS Mobile to New London** and the 6 dogs left New London-Mt Pleasant. Well, plus for the 4 remaining from CR to New Hampton.

This is what we need as of Friday morning:

Rolla-St. Louis

Drivers for 2 bigs, 1 med and a gaggle of puppies

Iowa-MN

Driver for New London-Mt. P: 2 lg and 4 medium

Illinois

St. Louis-Springfield: 2 40 lb puppies

Passenger updates

#40 Millie is only 5 lb, not the whopping 10 lb we thought she was.

#40 and 41 are breeder releases and have never been on a leash.

Two ways to sign up!

1. Email PawsTransports@gmail.com with your requested leg and passengers (and your information if you are new).
2. If you are a returning driver, you can comment directly onto the run sheet to let me know what dogs you want! Click the link and go to the document, double click (or tap) in the right margin and the comment option will appear! Just comment with your name and the passengers. Fill in your name and passengers in the box by the leg you want to drive. We will then be able to "accept" the change and add you to the run sheet!

Please specify which dogs you think you can transport or how many and what sizes. Please don't tell us it doesn't matter and we can assign dogs to you. You know the size/shape of your vehicle better than us. Thanks!

The final run sheet comes out Friday with driver's contact info. If you do not receive it by 8 pm please let me know.

GAS FUNDS ARE AVAILABLE.

New Drivers: Please provide the following information with your requested passengers:

Name:	<i>To be used for emergency purposes only:</i>
Primary Email:	Home Address:
Cell Phone:	Home City/State/Zip:
Vehicle: (color/make/model)	Home Phone:
What areas are you willing to transport?	Emergency Contact: (Name/Phone number)
	References: (i.e., Vet, Rescue, Personal, Transport coordinator, etc.)

Cross posting is greatly appreciated ~~ please do not post on Craigslist!!

*****ADDITIONAL PASSENGERS MAY BE ADDED*****

15-20 minutes added to each leg for transfer and potty breaks, cleaning crates or just plain old loving on the dogs. All legs will be monitored. Please email us directly at PawsTransports@gmail.com if you are able to assist. If you would like to volunteer only as BACKUP if the leg doesn't fill, please indicate clearly on the email that you are volunteering only for backup. I also appreciate offers for backup if a leg is filled should an emergency occur.

THE FINE PRINT: As a volunteer transport coordinator, we are dependent on what the senders tell us about the passengers' temperaments. The very nature of rescue transport creates some risk for those who participate in it; even a good-natured dog may find it stressful to be passed from stranger to stranger and cooped up with unfamiliar dogs and, in consequence, may act in uncharacteristic ways. No one associated with this transport can accept liability for any accidents or incidents that may occur during the transport.

Passengers listed in red still need a ride. Green ones are good to go!
