BOSTON COLLEGE - ONE CARD

Title: Auxiliary Credit Card Training

Drafted By: Bob Goyette Origination Date: June 3, 2015

Current Version Issued: March 28, 2017 Approved By: Pat Bando

Last Reviewed by: Melia Kula 4/15/20

Purpose:

This procedure is written to establish the level of training required for cashiers, business unit managers, and systems administrators.

ADMINISTRATORS OF SYSTEMS

- Defined as those individuals who have management or system support privileges that allow them to administer the database in a way displays the full credit card numbers or more than the single transaction being processed at one time.
- These individuals will receive training as determined by BCIT's Data Security function and will acknowledge their training thru the on-line process established for this purpose
- These individuals will periodically inspect device surfaces to detect tampering (for example, addition of card skimmers to devices), or substitution (for example, by checking the serial number or other device characteristics to verify it has not been swapped with fraudulent device) or coordinate and approve the inspection of all devices in use on a semi-annual basis. Additionally, devices that are taken out of use are physically inspected for compromises when put back into use. The following document lists all capture devices and logs the dates the device protection procedures were followed. (\perper\Dining Services\Systems Administration\Aux Services Terminal Inventory.xls). Completion of the review is noted by closing an automatically generated ITS Service Center ticket.

TRANSACTION PROCESSORS

- Defined as those individuals who have a role processing individual customer transactions in a dining or auxiliary business unit
- These individuals will receive training annually which will consist of a combination of lecture, video, and written documentation as deemed appropriate by Auxiliary Services and BCIT's Data Security. The training video can be found here: https://www.youtube.com/watch?feature=player_embedded&v=R8dQo-hrlR4
- This training will be acknowledged through receipt of a signed statement from the individuals. A copy of this statement is attached on the following page. Receipts of completed statements are saved electronically for 3 years.
- As a policy, cardholder data is never recorded or stored on paper records.

AUXILIARY SERVICES MANAGER/CASHIER CREDIT CARD STATEMENT
