

On the human ship.

Edison was comfortably asleep in his room after a long talk with the leaders of planet earth, reporting on the search for intelligent life beyond its horizons.

The captain of the ship was completely naked but covered with a black sheet that covered his entire body. on his face he showed a smile with a clear blush on his cheeks, dreaming of the time he and his men fucked the sluttiest and most slutty mare he had ever seen. In Edison's dreams he sees how he cums in the prismatic mare's pussy for the tenth time while his men take the remaining holes fucking them hard, the mare moans with pleasure as Edison is rock hard again, ready for another round. more with her.

"Yes, if you were just here...". Edison's cock began to rise through his sheets at the thought of said mare. The brutal erection that he needed to be attended to urgently.

"...I would make you my wife." Edison says asleep, still thinking about that meeting.

Still asleep and dreaming peacefully, the human did not notice the sound of his door opening, letting in a beautiful rainbow mare with a big booty, tiny hips, big thighs and crotched tits that reached the floor. The mare was dressed in a cheerleader outfit with a black blouse and short skirt that covered none of her huge butt and fishnet tights that clung to her thighs as if his life depended on it.

The mare slowly approaches Edison, swaying her hips in the process until she reaches his bed and crawls under his blanket. The mare crawled little by little until she reached his completely erect penis, hard and veined, the mare looks at his member with admiration for the size of such a monstrous cock. The mare brings his face closer to appreciate it better, smell it better and taste it better. The rainbow mare rubs her cheek against the side of the cock to feel its completely hard texture, she can even feel how its length throbs through her cheek, feel how the blood pumped reaching Edison's member who was still dreaming deeply, without realizing that he has the mare of his dreams right under his legs.

The mare smiles and without waiting another minute she starts licking Edison's penis and licking his balls the size of baseballs too, the mare couldn't help but think how much semen their big balls unloaded on her cute pussy that was already dripping with need. of a good fuck. The mare stopped licking and began to engulf his entire member in her mouth, letting out little moans of pleasure as she gave him fellatio.

Meanwhile Edison was still dreaming about the prismatic whore. The captain of the human ship in her dream was still fucking Rainbow hard as she moaned like a prostitute.

"AHHH!, MORE, I WANT MORE!, FUCK MY HOLES!, USE ME AS YOU LIKE!" She yells Rainbow through the cock in her mouth, her eyes were hearts as her body is still being used by the crowd of humans around her. Her body served as a nice canvas on which many wrote perverted, dirty and demeaning things on the mare's body while other humans took her tail and strands of her multicolored mane to masturbate.

"YOU LIKE THIS RIGHT, BITCH?! REMEMBER YOU ARE OURS FOREVER! YOU BELONG TO US! YOUR SEXY MARE WHORE BODY WILL BE FUCKED DAY AND NIGHT WITHOUT ANY REST! THIS IS WHY YOU WERE BROUGHT INTO THIS WORLD, YOU STUPID ANIMAL!" Edison raises his hand and gives Rainbow's butt a hard smack making it shake sharply.

"OHH YES!, YES, HARDER DADDY!, I'M YOURS FOR LIFE!". Rainbow yells as they all cum in and out of her.

Edison who was smiling while asleep begins to hear small moans below him, of something moving right between her legs. The captain slowly opens his eyes and the first thing he sees is a huge figure covered in his sheets. Edison lifts the sheet and sees the mare he thought he would never see again.

"R-Rainbow Dash?!"

"Mmmphf...Mmmphf...". Rainbow looks at her human with heart eyes while she was still sucking on her cock like a vacuum cleaner, the mare wouldn't take her eyes off her and still attending to her beautiful big cock. Rainbow just winks at him.

"How is this possible? I'm not supposed to see Sunny again for a while." The confused captain watches as Rainbow stops sucking on her cock, releasing it with a "Plop" sound and looks lustfully at Edison.

"Hey handsome, I missed you and... (Dash kisses her erect member) ... your big hard cock too." Rainbow gives another tender kiss to the head of her cock, only to start kissing all around her member, leaving her lipstick mark on it.

"That... doesn't answer my question but if this is a dream, I don't want to wake up." Edison smiles and takes Dash's head so that he ends up swallowing all of his members to the base of him.

"GLUUP!!!" Dash moaned in delight as he felt Edison's cock all the way down his throat.

"Oh god your mouth, I missed her so much and she still feels like a pussy, every hole of yours feels like a pussy." Edison grabs Dash's head with both hands and begins using it as an onahole, hammering his mouth into his pelvis leaving a trail of saliva and pubic hair on the mare's face.

"Oh this feels so good, I've been holding back a lot, you know?" Edison was still using Dash's head as his toy, the mare was giving muffled moans trying to respond to Edison.

"GLUUP!!!" Dash lets out a moan as Edison cums in his mouth filling her cheeks with his cum. Dash's cheeks began to swell like a squirrel, Rainbow had to keep swallowing cum to keep up with the Human, but it kept running inside Rainbow's mouth like a hose, as soon as Rainbow swallowed his sperm, her cheeks were puffing out again, even spilling out at the corners of his mouth and nose.

"If you drink it, daughter of a thousand foxes !!, you deserve it for abandoning me !!". Edison looks at Rainbow's face who had hearts in her eyes as he continued to swallow her milk, makeup running down her face due to her tears.

After a while, Edison stops pouring his loads into Rainbow Dash's mouth. The mare had a drunken look, his throat was still on the human's cock while Edison was panting and sweaty. Edison grabs Dash by the shoulders to pull her member out of her mouth, at first it was difficult as Rainbow didn't want to leave her treat until the human applied more force to his cock from the pegasus's mouth.

"That was amazing, but now I want you to show me your mouth." Edison says ordering Dash.

The mare's cheeks were swollen from the loads Edison had left on her. The mare, drunk with lust, opens her mouth to show him a puddle of sperm in her mouth. "Oh god, look at you dirty fucking pony", the insult made Rainbow gargle causing small bubbles of semen inside her mouth exposed to the human who upon seeing this was hard as a rock again.

"We're not done yet, before you swallow my sperm, I want you to taste it in your slutty pony mouth, do you hear me?"

Rainbow, like the obedient bitch pony that she is, accepts the order and begins to savor the sperm that passed from one cheek to another as if it were a candy, even Dash opened her mouth from time to time to show the sticky substance in her mouth and moaned. pleasure, Rainbow enjoyed this with all her soul. While Edison sees how the mare plays with her sperm, he takes her cock and begins to masturbate.

"Oh yes...keep doing that bitch, because that's what you are...a piece of shit, a dirty fucking pony bitch". Edison insults Dash while continuing to masturbate fiercely while Rainbow gets excited with each insult that made her pussy throb, she loved being talked dirty, treating her like a vile piece of meat that is only good for fucking and giving strong foals and healthy men.

"Now I want you to swallow it slowly..." Edison says still with his hand on his cock.

Dash stops his games and slowly swallows the thick sticky load that makes his throat appear like a small lump running down his windpipe. When Rainbow is done, he opens her mouth to show that the sticky trail of her was gone, leaving her clean.

"So hot... now turn around, give me your ass, you stupid mule, I've been wanting to fuck it for months."

Dash nods, and turns to show her big, thick, wobbly butt to Edison who only whistles at the pegasus's plot. Rainbow's cheeks were so big they hid her pussy and ass, even Edison swore before her ass. Dash was smaller but he didn't give it much importance, after all, his favorite whore pony was with him and only for him.

"Look at this beauty, it's...huge, bigger than I remember the last time I saw you." Edison grabs Dash by the sides of his flank, right at his multi-colored lightning bolt cutie marks. The captain begins to feel how his hands sink into the soft and flexible meat, they seemed like two soft and appetizing pillows for the human and all that butt was his, only for him and no one else. Edison, feeling the softness of his behind, can't help but rejoice at the change that has come about in the mare.

"FUCK HAHA! I don't know what the hell happened to you or what they did to you, but I love it, I like this body of yours too much, it's perfect to carry my children inside you and keep fucking you until you're begging for more." Edison begins to play with her blue cheeks, squeezing and kneading Rainbow Dash's padded flanks, even grabbing Rainbow Dash's buttocks, lifting them up and then letting them fall and bounce happily, jerking in front of the human who is mesmerized by this.

So mesmerized that I don't notice that Rainbow no longer has the "Interspecies Slut" tattoo.

"Mmmh!... I'm glad you like it and all this booty is yours alone, I did it for you, so you can fuck me and remind me how useless and whore I am." Dash cranes his neck to see the happy human having fun with his buttocks as if they were human boobs, squeezing and releasing them to bounce.

"Hehe you love my butt, you love everything about me and I did everything for you, my faithful, strong and great husband... now it will be all yours and you can use it whenever you want, however you want and wherever you want". Hearing this, Edison squeezes Rainbow Dash's buttocks with all his might until he leaves a visible mark of his hand on his cheeks.

Dash just couldn't stop smiling with a blush on his cheeks as he looked at the human he had fallen in love with. After playing with his ass, Edison spreads both cheeks away from his ass cheeks to look at her dripping pussy and gaping asshole waiting to be used, Edison licking his lips at the crucial parts of the pegasus.

And without wasting time, the human puts his face between the valley of Rainbow Dash's buttocks, sticking his tongue in the mare's pussy beginning to "Devour" her while his arms hug his butt right in his entire area. lower.

"OH!! AND IT IS!! I LOVE IT!!, COME ON, EAT MY PUSSY CAPTAIN!" Rainbow starts to moan as Edison decides to please her mare by sticking his mouth in Dash's pussy. Edison's tongue begins to dance all over the interior of the tomboy pegasus, savoring her juices and soaking up her musky scent that drove him wilder and wilder.

Edison had to withdraw his head to catch some air. "You smell good... for a mare your pussy smells like fruit... delicious." The human sticks his head back in to continue his oral work.

"Mmmh... thanks, just... please... no compliments... That's not my purpose in life." Dash begins to speak haltingly due to the sensations she feels when Edison eats her pussy.

The Human feels satisfied with the results obtained thanks to various relationships he has had throughout his life with many women, although he never felt anything for any of them, no

woman managed to captivate the captain as this pony has done, ironic that he fell in love with a foreigner and now she's here with him, giving herself so much body, mind and soul to him so that he fucks her like the useless bitch she is, although she doesn't know how she got here, but now she won't let go, never again, even if necessary, he will hide her so that they don't come looking for her and even if Sunny finds out, Edison will do everything possible to convince him to leave her with him... even give him the planet earth if necessary.

Edison pulls his head out of the mare's pussy to take another breath and looks at his clitoris that begins to throb, an evil smile formed on his face, he was going to please his mare in the best possible way.

"I don't know how you got away, but I want you to know... you're mine now, I won't let you go, I'll take you to the most dangerous neighborhoods in New York, I'll introduce you to my friends and then we'll fuck you so...HARD!" Edison uses his fingers to press on his swollen clit.

Rainbow sensing this, her eyes turned pinpricks, her legs trembled, her tongue hung out of the side of her mouth and her wings spread out stiffening even releasing some feathers.

"Haha! But look what a fucking mess you are, cheerleader bitch, and what I'm going to do to you today this time doesn't compare to what me and my friends will do to you when we get to earth." Edison kept pinching Dash's clitoris, Rainbow laid her head on the bed biting the sheet supporting like a champion while he listened to what the human had in mind for her.

"First I will hide you in plain sight, they must not know you are here, then we will come to my house, I will dress you in all the sexiest and most depraved outfits you can imagine, outfits that are up to this ass..." Edison He slaps hard with his other hand, shaking Dash's soft flesh. Dash lets out a strangled moan, biting down harder on the sheet.

"Maybe I'll dress you up as a bunny, oh better as a schoolgirl with blue panties, oh maybe a sexy nun outfit, a maid, a stripper, oh my favorite..." Edison leans in slightly to reach the little pony's head, taking it. sharply from the cheeks, forcing Dash to look at him with those perverted eyes that the human reflects.

"...a sexy dental floss, like a complete Milf that takes my children". Edison gives Rainbow Dash a sloppy kiss, sticking her tongue into the mare's jaws gaining territory. Rainbow can even taste her juices on Edison's tongue as she continues to kiss her wildly.

After kissing her, he withdrew, leaving a thread of saliva between the two of them. Edison didn't stop and began to lick her neck, leaving hickeys in the process. Rainbow all she could do was gasp and moan for the human.

"Just think about it...while I'm on the couch with the tv on I can see how you are in the kitchen...wearing a sexy apron that only reveals your big thick Milf butt". Edison moves his hand to his butt to squeeze it, as his other hand was still squeezing his clit.

"I'll be sitting on the couch devouring you with my eyes, blatantly staring at your butt while you carry my children in your womb and cook dinner for me and my friends..." Edison bites one of Dash's ears, letting out a groan of pain and pleasure. .

Rainbow with her eyes in her head and her tongue hanging out, imagines the situation in her mind, a life full of lust, abuse and constant wild sex, where she will only be used as a brood mare for everyone to use and fuck as they please. then discard it and reuse it as a toy... I couldn't agree more.

"It's... I'm close..."

"I'm not done talking bitch yet, wait until I finish saying everything I and my friends are going to do to you, I don't want you to cum."

Rainbow grits her teeth, while Edison stops clenching her clit to lean in a bit and line her cock up right in her needy cunt. The human without wasting time puts all of his member in the mare's pussy, the vaginal juices served as a good lubricant so that it passed quickly and without problems until it reached his uterus, revealing a stomach lump in Rainbow Dash.

"AHHH! YOUR COCK! YOUR HUGE FAT DICK IS INSIDE ME!" Dash starts screaming as Edison lifts her butt, gets on top of her and with her hand presses her head to the bed. "That's right my dick is inside you as it should be." Edison starts hammering his pussy like there is no tomorrow.

"As I was saying... I'll invite my friends to come see you, we'll sit on the couch to watch your butt while you cook for us... Then we'll get close to you and put you against the wall so we can fuck you while you continue preparing dinner for us" .

Dash was still moaning from Edison's constant thrusting into his pussy. The human's pelvis bumping into his thick, smooth cheeks causes them to bounce quickly.

***\*clap\* \*clap\* \*clap\****

"Ohhh... How many... how many friends do you have?- OHHH MY PUSSY!!". Rainbow says trying to sound decent, failing miserably.

Edison smiles and lifts his head to whisper in his ear: "Many...I have many friends...the whole headquarters, police, firefighters, military, politicians, gang members, frustrated teachers, parents and their spoiled children, drug addicts, prisoners and many, many more friends of mine that I will call to come and fuck you." Listening to that, Rainbow shakes her pussy squeezing Edison's cock.

The human smiles knowing how much this fucking mare liked being gangbanged and treated like dirt.

"I'm just going to tell you something, just as you were loyal to Sunny with her cock, even though many men have fucked you, I want you to still be loyal only to me, if you fall in love with another cock other than the one Mia, I'll throw you, I'll throw you in the dump where you

came from or something worse, I'll leave you tied to an unknown place, far from any index of life, I'll leave you there so you can scream begging for a cock so that no one listens to you and you die wanting one dick inside you."

"NO! NEVER! I WOULD NEVER DO SOMETHING LIKE THAT! I'M ALL YOURS! NO MATTER HOW MANY MEN FUCK ME! ONLY MY PUSSY BELONGS TO YOU AND YOUR COCK!" Dash shook his head wishing that day would never happen.

"Well done, but that also includes Sunny." Edison says sadistically waiting for the reaction of the mare

"Even...Sunny?" Rainbow begins to crack.

"Yes cheerleader bitch, now I will be your owner, your master, your captain, your husband and your new emperor, you can only love me and no one else, so say it, say that you prefer me to Sunny".

"B...But Sunny is-AHH!" Edison pulls on his multicolored mane as he continues to ram into her pussy.

"SAY IT BITCH!!", he pulls Dash's mane.

"I'M SORRY SUNNY! FORGIVE ME, BUT HIS COCK FEEL AMAZING!"

"Say you're just a tool for us humans to use and fuck."

"I AM A WHORE! A SLUT WHO LOVES HUMAN COCKS! A TOOL FOR ALL HUMANS TO USE! I AM A SLAVE TO HUMAN DICK!" Rainbow Dash yelled at the top of her lungs.

"Well done bitch, now you will receive my seed." Edison smiles and starts hammering Dash's pussy.

The mare's buttocks began to wobble with each thrust from Edison as Rainbow moaned like the obedient whore she was. Edison grabs Dash's head and plants a sloppy kiss on it, showing how in love he was with the rainbow mare.

"I'M CUMMING DASH".

"Give it to me...give it to me...I want to have your son, I want you sperm-OHHH!" . Rainbow gives one last moan as Edison cums on his pussy.

As Edison came, Rainbow's stomach began to fill into a bulge and from which she most likely ended up pregnant by the captain of the human ship. Both lovers, if they can be considered so, began to pant. Edison gets off of Dash and lays down next to her, watching her carefully, admiring her figure until her eyes landed on hers, her big thick ass, that ass that he now loves. It belonged to him and him alone.

"I'm ready for another round." Edison puts a hand on Rainbow Dash's butt and begins to squeeze it hard but the mare is still panting.

"Just...five minutes," Dash shakes her helmet in anticipation.

Edison took her from her legs, leaving her suspended in the air right in the human's pelvis, and her cock remained between her blue buttocks.

"I wasn't asking you, now I'll have fun with those nice buttocks you have." Edison took her buttocks to wrap his cock around her soft cheeks and begin to rub against them.

"Oh god, it feels amazing. they feel like pillows," Edison starts thrusting between Dash's buttocks.

"Hehe all my trunk is for you... teacher". Rainbow looks at him lustfully.

"Master? I like the sound of that." Edison spans him.

\*SLAP\*

"AHH!... If not even Sunny, I address the Emperor."

"Well from now on, you will address me as a teacher, you say it wrong and I throw you in the most dangerous prison in the world where they have not seen a woman in their lives, you will serve those criminals as a set of holes from which they can use and fuck without any concern", Edison gives him another spanking.

"Ouch!... hehe, that's exaggerated, but I wouldn't bother attending to those humans, of course, as long as it pleases you".

"Of course I'm pleased, now shut up, I'm in an important moment with your ass." Edison squeezes Dash's butt tighter to mark his fingers on the mare's curvy ass.

"Ohhh yeah...squeeze my butt, I love when men treat me rough."

"This is my personal brand, my fingers pressing your soft and smooth flesh, this is your life now mare."

"And I will gladly accept it." Rainbow tilts her neck, closes her eyes and puts on her duckling lips, waiting for a kiss.

Edison, seeing her offer, was not going to reject it and leans over to give her a deep kiss while she is still masturbating with her buttocks. They both kiss passionately again, showing what they felt for each other. The captain finds it ironic that he has fallen in love with a mare yet, it crossed his mind what others thought of him but he didn't care as long as her life was hers with her.

Both withdraw leaving a thread of saliva between the two. The human and the mare looked at each other with deep love, everything was love and caresses until Edison wanted to look at the mark on Dash's butt, the mark that he had left when he met her, a memory that he left so that he will never forget it. .

"There is something I want to see and I never realized it, but it is necessary...". Edison lets go of his buttocks and grabs one of Dash's sides and looks at the special mark he made on it... it's gone.

"Where is it?"

"What thing?" Dash arches an eyebrow, confused.

"The mark... the mark that I left on you that time with the machine, that mark means a lot, it is your seal that you are ours... above all mine." Edison starts looking on his flank to see where the "Interspecies Slut" mark was but nothing... the human didn't find it.

"Emm... did it fade over time? If that, it was erased over time. Rainbow started to get nervous.

Hearing that, Edison looked at her seriously. "That's impossible, it's permanent."

Rainbow broke out in a sweat and began to come up with another excuse.

"Well, I, I, I... well you know, maybe the machine is defective and the tattoo has come out of poor quality, you know, those things happen". Rainbow watches as Edison approaches her slowly until he grabs her cheeks.

"Who are you?!".

Suddenly Edison's vision began to blur.

"Wow, the potion is already losing its effect," says the impostor.

"Potion?...What the fuck did you do to me?!" Edison lets go of the mare and starts rubbing his eyes. Rainbow Dash's image began to change little by little, transforming into a green mare, glasses, black mane and a set of fake wings, wearing a horny cheerleader outfit.

"Oh fuck... you again?" Edison just looks angrily at the mare.

"Hello Captain! Scroll reporting to get fucked by you!" Scroll says happily as he salutes, making a funny face but Edison wasn't in the mood after what he did.

"No greetings whore, who do you think you are to make fun of me like that?!", Edison replied angrily.

"Oh no captain, I didn't mean to make fun of you, I just wanted to make you have a good time pretending to be the hero and cheerleader of the empire, Rainbow Dash." Scroll says innocently.

"And what makes you think that would make me feel better? Why didn't you come being yourself so I could fuck you?"

Scroll smiles and stands in front of him. "Well, during our last encounters with you fucking me hard, I've noticed it quite... sad to put it in a way, you didn't fuck me with the same intensity as before and I felt like I was failing as a tool." of pleasure for this boat. So I had to do some research on you and found your liking for the rainbow mare."

"And who told you that?"

"Well, after several men gang-fucked me in a bathroom, I took the opportunity to ask them about their mood and they told me about the meeting they had with my emperor, about a new cultural exchange. Your men were quite explicit about what happened that day and how you fucked Rainbow Dash non-stop, even when they abandoned her and fucked her among a whole crowd of men, you never left her, then everyone realized that he had fallen madly in love with her", explains Scroll, adjusting his glasses.

"Those bastards... I will punish them for spreading things behind my back."

"Oh no captain, don't do it. If you want to punish someone, let it be me as I use my body to get information, besides, I loved every moment they fucked me in all positions, even when they finished me they threw me in a dump, only for after a man black will find me and take me to his room where his friends were waiting to use me as a tool of pleasure... I didn't leave that room for three days", Scroll was drooling on the bed remembering that glorious moment, only to come to his senses again .

"Besides, I must also confess that... I went into his room."

"What?! How the hell did you get into my room, if there is a password that prevents access?!" Edison asks excitedly.

"well..."

***Long ago...***

**\*GLRK\* GLRK\* \*GLRK\***

Scroll was lying on the floor, covered in cum from head to toe while the human had fun with her mouth. The mare had a deplorable appearance after being raped by a group of strong and large black men who took her to a hangar where a crowd of men was waiting for her.

Scroll at first was only going to tend to a small group of men in order to acquire Edison's password, however, he did not count on the perversion and twisted mind of the humans on this ship who began to call their friends to join the party and of those friends they invited their friends to fuck the mare, until the rumor reached the ears of almost all the members of the ship except Edison.

The mare remembers being thrown into the crowd by blacks who tossed her around like a piece of meat fed to vicious lions. The crew took the mare and began to fuck in all her holes. Scroll remembers how many of them even started fighting around him to get a piece of her, so he had to calm them down and tell them he wasn't going anywhere until he tended to each one of them, which calmed the crowd and then they began to fuck her hard.

He even remembers how she would service many human cocks in one hole. That day Scroll discovered the elasticity of her pussy and ass that were penetrated by several cocks of different sizes and that experience of having many of them in her assholes Scroll loved.

After an unknown amount of time, the humans abandoned Scroll in the hangar.

The mare had multiple writings around her entire body denigrating her as nothing more than a set of holes that everyone could use to get their way. The writing was mostly on her thick butt and cutie mark that read: "CUM SLUT!", "BBC LOVER", "CUM BANK!", "SLUTTY", "SLAP MY ASS", "FUCK MY PUSSY HORSE" and Alongside the scriptures were a great number of times how many had used Scroll for their pleasure.

Scroll's holes were also defiled by men, filling her pussy, ass, mouth, even her ears with strong male seed. His belly was so swollen that he could barely move. His crotch boobs grew bigger due to the constant hours of sex he has with humans, literally since he got on the ship they never stopped using it.

"Oooh yeah... your throat feels so good." A human says as he uses Scroll's mouth as a glory hole. The massive magic-enhanced cock made a lump in the throat of the choking mare from lack of air.

Scroll weakly can only moan for the human. The bodybuilder was so tired that she could barely keep her eyes open, even the notion of time had lost its meaning for her. How much time had passed? Minutes? Hours? Days? it was hard to tell due to her current condition, the only thing Scroll knew was that she had been fucked hard and not in the mood to give her a break, but a little look at the hangar confirmed that this was the last human left, the hangar once full, now it was empty and with puddles of sperm coming from Scroll.

"(Sunny would be proud of me)", Scroll says as he sucks the human's cock which begins to increase his thrusts.

"I'M CUMMING!" The human grabs his head and begins to cum in his mouth, bulging his cheeks and cum pouring out of Scroll's nose.

The Crewman left, throwing the small cups of semen on Scroll's face and mane, which was already quite sticky. Scroll for his part, begins to swallow the load slowly, when he finished, he opened his jaws to the human who verified that his seed was no longer there.

"Well done cunt...(\*Pulls out a piece of paper\*)...Here you go, a deal is a deal." The human slaps her with his cock earning a moan from the lust-drunk mare and begins to walk out of the hangar, leaving a smiling Scroll who had the password paper stuck to his sticky mane.

### ***Present...***

"That's how I know your password, just don't punish your men, they were very 'nice' to me."

Edison was furious at the betrayal of his companions. "I promise nothing, and what did you do in my room?"

"Well I found a lot of things and learned a lot about you, like you had a lot of females..."

"Women, they are not animals like you, you stupid pig," Edison corrects her.

"Okay women. I also know that you love alcohol, fucking prostitutes, delivering innocent women to the most dangerous prisons in your world to be raped. I also know that there is a black market in your world, things that in my world are something completely normal, but here... by heaven, you need a correction. How is it possible that women are at the same level as men? Okay, your society needs to be changed."

Edison is surprised to hear the mare, but he is happy to hear those words that were absolutely right, but it was a very difficult goal to achieve.

"Besides..." Scroll takes control of the television that is hanging on the wall in the room.

"I discovered many things that my emperor would love to hear about their governments, their education, religions and even weapons. I don't know what their rulers are like, but if I can somehow convince them..." Scroll sways his hips, clapping his buttocks, something that made Edison hard. "I will gladly do it, offering my body so that they understand that our relationships and change are positive."

"Hehe, they will definitely love to hear that, those guys are depraved inside, every man in my land is as much as they want to deny it. Everyone at some point wanted to have a harem of obedient women like you and those fucking heroines... only well the women of the earth are different from you since they are not aliens".

"That will not be an impediment, I have already proven to this ship that I can do anything, adjust to their standards and use me as they want, that is why I am here, to help my emperor with his mission".

"If you say so, after meeting Sunny I can tell that humans will be a challenge for him. Although I can help him too, as long as he gives me what I want." Edison sees his dick and then glances at Scroll's body looking at him from head to toe in her cheerleader outfit and reminding him of Rainbow Dash, something the green mare noticed.

"You look sexy in that outfit, but you're not her," Edison says sadly.

"I know, 'You would give the damn planet earth for her' you told me that when you fucked me with passion and I must say that no one had ever fucked me that way, so... romantic and rude, that's cute for someone like the emperor, even those words of what you would do with the element of loyalty, I will not forget them. Although it will be difficult to convince the emperor to give you one of his wives, I think there is a chance that he will give you Rainbow Dash if you help me investigate more about your planet."

"You said it yourself... I'm in love with an alien."

"And that's why I also found this out" Scroll turns on the TV and the picture shows the recording of 32 hours of Rainbow Dash's gang rape.

"I know you are constantly watching this video, I even saw you masturbating once, although I don't blame him, I wish I were in his place", They both look at the video.

In the video you could see a drunk Rainbow Dash squatting while she licked the anus of a muscular man and next to her a crowd of men were waiting to be served.

"How to forget when we forced her to do that to us, it was wonderful."

The scene cuts to Rainbow doing a 69 position with a black man, sucking his cock while her anus was being penetrated by another human. Two men come over and grab their headphones to start jerking them off. The man who devoured her pussy was smeared with her juices all over his face and to increase the mare's pleasure he began to press her clitoris, earning a choking moan from Rainbow who drank all the human's load filling her cheeks.

Scroll seeing how the human gives Dash an oral, began to remember when Edison did the same to her a few moments ago and felt a tingling sensation in her needy pussy, she crossed her legs and continued to watch the massacre of Rainbow Dash.

Edison takes control and fast-forwards the recording, this time Rainbow is shown tied by her front hooves, with her legs open while two humans ram her pussy and ass, pressing the small and horny body of the mare who moaned like a fucking prostitute, at her all around the crowd masturbated to bathe her in a puddle of semen.

"OHH, YES! STRONGER!!, FUCK ME ROUGH! BREAK THIS FALLEN MARE!" The humans heard her request and began tearing her holes apart, increasing her thrusts until she drove her cocks into Dash's womb, finishing inside her and swelling Dash's stomach. she.

The humans Dash was jerking off ended up on her back, wings and head, dousing her with thick white cream.

After they backed out they left Dash on the floor in a puddle of sperm, her breaths heavy and her stomach the size of two watermelons as her two holes leaked out all the accumulated sperm, the her outfit was a mess; Torn fishnet stockings, ripped blouse, her panties were hanging off one of her legs, the only clothing left was her miniskirt.

The crew of humans surrounded her again with her cocks pointed at her, wanting another round of wild sex. a human grabbed her by the mane and put her cock in her mouth, the delirious Dash felt the human's shaft, tasted her precum and started sucking like a vacuum cleaner. The humans around her patiently wait for her turn to clean their cocks using the cheerleader bitch as a tool.

“(That's the way we like it bitch, my dick better be shiny),” a man using Dash's mouth as a pussy is heard on TV as the crowd of humans both black and white swarms around him. covering the camera, only Dash's moans were the only sign of life.

Scroll stops watching the video to turn to see Edison who was masturbating because of what is happening to Dash. The bodybuilding mare bites her lip and begins to imagine herself riding Edison while he treats her like dirt. Scroll looks back at the video and sees Rainbow or what could be seen of her, buried in a pile of bodies and her multicolored tail was the only thing he could see of the once heroine and respected mare. Scroll didn't hesitate to imagine Rainbow's situation and what they were doing to her but he got more excited when he imagined her in Rainbow's place. Scroll didn't hesitate anymore and he used one of her hoofs to rub himself.

The scene changes this time Rainbow Dash is seen on the ground, her eyes rolling on top of her head, her tongue hanging out of the side of her mouth, her body covered in cum, and her heavy breaths proof of her. how bad it was going, it was as if he had run a marathon for hours without rest, his belly was more swollen than before, his legs were trembling and his holes expelled sperm like waterfalls.

The crowd of men surrounding her and with her magically enhanced cocks laughed at the poor broken mare. A man with only her toned legs visible grabs her by her long hair and spits in her face.

“(Say hello to the camera)”.

Rainbow tries to speak but a bubble of sperm comes out of her through her mouth until suddenly she starts vomiting cum out of her mouth. The human who had a hold of her mane squeezes her tighter, earning a groan from Dash.

“(SAREE TO THE DAMN CAMERA, YOU USELESS SLUT!)”

“(AHH! ... I-I... I)”, Rainbow tried to formulate a word but pleasure and exhaustion prevented her, her mind was literally fried.

"(It doesn't matter, we'll do it for you)"

"Here comes my favorite part," says Edison, who ejaculates staining his own bed.

On TV, the human crouches at the height of the raped mare, showing a beautiful smile.

"Hello Sunny, I just want to tell you that leaving Rainbow Dash here with us was one of the best things you could have done for me, we are having an amazing time and I hope you are also enjoying the machine we gave you. These agreements between you and me is just the beginning of something much bigger as long as you bring this fucking bitch with you so we can have fun with her and I also want you to know something...", Edison grabs Dash's face roughly and tells him plants a passionate kiss without caring that a few moments ago she just sucked off dozens of men.

When his kiss ends, he leaves a trail of saliva between the two and they both look at the camera, with Dash looking at the camera with tears in his eyes, as if he had betrayed someone, his makeup was all over his face looking like a mess walking while Edison looks with an arrogant smile at the camera.

"(I would give you the whole planet for this bitch)".

"I would give you the whole planet for this bitch."

Edison mimics his own voice and duets with his me from the video. TV's Edison begins to lick Rainbow Dash's neck without caring about the sperm of his crew that ended up on the body of the pegasus a few moments ago.

"I-I...I-I'm so s-sorry Sunny...please forgive me...but it feels so good to be treated like cattle by these big...strong and powerful men...forgive me Sunny...I'm your bitch now...and forever." , Rainbow begins to cry more as the crowd laughs at her harder and begin to surround her to fuck her into oblivion.

Scroll seeing this remembers something similar when he met these men and brought out the worst in them. She was raped, abused and used in every way possible in all her holes, the last thing Scroll remembers of her was waking up from her in a ship's dump to be picked up by the janitor. That same day the janitor took her to her dirty room and fucked her for hours until she passed out. After that, Edison found her still with the janitor who was fucking her mercilessly and he only looked for her to confirm her whereabouts and give the order to the janitor that when he finished he took her with him to spend a "nice time" with her, what Scroll translated as another round of countless hours of unrestrained sex... and so it was, Edison raped her for 3 days until her belly was so full she couldn't get up and her legs were left so limp and weak she couldn't walk for weeks.

After that Edison threw her into the prisoner's room, Scroll at that time did not think that humans had such rooms but to his misfortune if they did and they were not empty, on the contrary, they were full of men in their big and strong with multiple tattoos around their bodies, smelly and scantily clad. Scroll remembers that she had not had any rest at that time and Edison was too cruel to bring her to said room in a deplorable state with her huge belly and limp limbs.

Little or nothing mattered to Edison and he threw Scroll with them like a piece of meat. The strange humans looked at the mare thinking that it was a joke, but Edison told them what happened with Sunny and their agreement, the criminals looked at each other with evil smiles and crowded around the mare and began to rape the weak mare during a month later Edison found her still being penetrated in all her holes, her body was covered in denigrating writing again, she had bruises whip marks on her buttocks and even cigarette burn marks all over her body, even her tail was severed leaving free your bubble butt. Edison had to call a couple of soldiers to get her out of that room and Edison, seeing a Scroll with her eyes off, took her to the infirmary where she rested for three days, but a part inside the mare felt like a failure by not please the men in that room, failing her mission to please them, and if she fails, she fails her emperor as well.

"(I'd like another round with them)," Scroll says, continuing to masturbate as he watches the video.

"That part where he says he betrays Sunny, it's an extra we added, Sunny doesn't even know she said that, I don't know what kind of reaction she would have if she saw this scene", Edison says as he sees how Rainbow is in a nelson anal with a black man penetrating her ass while he fucks the mare's pussy moaning like a whore.

"Does the emperor have a copy of this?" Scroll without stopping her hoof rubbing her pussy.

"In effect, I gave him a cut version of this meeting with us, my version is 32 hours while his is only 25 hours and we did a lot of things to my future wife Rainbow." Edison gets out of bed and goes for a bottle of booze along with two glasses while the video is still playing this time with Dash in a mating press and a beefy human fucking her pussy and her balls crashing into his ass.

"Now, do I want you to answer me something bitch?", Edison takes a glass to fill it with alcohol and passes it to Scroll who accepts the offering somewhat surprised

"How did you manage to fool me?"

"Hehe, I expected that question....", Scroll takes a sip of his drink. "I spent a month planning everything to make it perfect." Scroll clears his throat to explain.

"First I had to ask the zebra you brought for help, which was very difficult since your men never stop fucking the mare, I spent a week waiting for the right time to ask her", Scroll takes another sip of alcohol.

"And that was not all, this ship is very big and your men took the zebra to different places to rape her, which made it difficult for me to find her and also other men were after me, of course, they fucked me in the corridors and... It was amazing" Scroll blushes.

"In the end I found the zebra in the men's room lying on the floor with multiple writings all over his body, denigrating nothing more than a piece of meat for all to use", Scroll takes a

big gulp of her drink almost leaving her empty but Edison helped her and filled the glass again.

"\*HIP\*... hehe, I've never tasted this in my world, it's so... delicious", Scroll says drunkenly as the effects begin to take effect on the mare.

"Don't get sidetracked, carry on"

"Of course, of course... Where was I? Oh yes, I remember, I took the zebra mare to a hiding place and waited for her to recover. When she woke up, I asked her if she could help me with a gift for the Captain, I mean you and the mare. She said yes, no problem..." Scroll takes another sip of her drink and starts to get drunk.

"Hehehe... this drink is tasty... \*HIP\*, as I was saying, that zebra-like bitch was also a witch from her tribe who did numerous positions for the stallions, including illusions, so it took us a week to being able to find the ingredients...avoiding men so they wouldn't rape us...I'm not going to lie to you Edison, it was fun to hear those idiots threatening to find us and then rape us so hard our legs stopped working...it was fun and exciting to be in a dangerous situation where if those humans found us we would be screwed... we plan to continue like this, to see how far we can go, those hairless apes, they only think with their genitals", Scroll said with confidence, his voice becoming more snoring and beginning to behave more daringly.

"Anyway, when we finished the potion, the witch told me that before drinking it I had to wait for the right moment and that's why I investigated you, I discovered that every night you masturbated thinking about Rainbow Dash, so I took advantage of that moment of weakness What do you have towards that damn mare with the clown's mane," Scroll pauses as she drinks like a pro.

"...argh... after that and without you realizing it, I put the potion in your coffee from this morning and waited for it to take effect, we weren't sure if it would work in humans but apparently it worked HIP!... you imagined me as Rainbow Dash all along and you fucked me like no other stud has...with love and burning passion HIP!...I can't help but be jealous of that bitch who won your dick...and heart", Scroll points to the crotch of Edison and looks at the video that is playing, this time showing Dash in Bukkake staining the body of the prismatic pegasus white.

"For what purpose did you do it?" Edison takes a sip of her drink.

"Because that's how I was raised since I was an Edison filly, since I was born my sole purpose is to serve the stallions with my body and remind me of my place in life," Scroll says proudly.

"I can't argue with that, Sunny's world is an interesting thing with women, has it always been like that?"

"Since I can remember yes, it has always been that way with the mares serving and pleasing the stallions so that they use us as they want... although I heard rumors that long ago Equestria was a kingdom full of peace and harmony, ruled by a mare called princess

Celestia, I laughed when I heard that, it was impossible for a mare to be the supreme ruler of everything, especially because in the stories we learned in school, it was said that Celestia was a whore who delivered the kingdom and submerged in a time of debauchery and slavery”, Scroll says while looking at the video of Rainbow Dash being fucked by humans.

In the video Rainbow is shown leaning against a wall with difficulty due to her shaky legs, showing off her not so toned butt looking thicker and less muscular even her crotch boobs grew, maybe she was turning into a MILF? in which case the pegasus was showing everything she has to humans, shaking her butt at the camera, moving her hips sensually, the plus of her body covered by a thick layer of semen, her tattoo on her cutie mark that declared her as an official whore for all humans, what was left of her horny outfit, her pregnant belly and her face with makeup all over her face.

“Are...are you ready for another round?” Rainbow turns to the camera with a tired look but with a sly smirk showing that she still has the energy to keep fucking these strong men.

The crowd responded with a loud “YES” and in response the cheerleader slut winked at the humans and the camera, prompting the crowd to come closer to her and rape her cum filled holes.

A dark-skinned human approached Dash showing her mare his hard, veiny cock ready to penetrate her pussy and leave decency if possible on the prismatic heroine. The human placed his cock between Rainbow's sweet soft cheeks and began to masturbate with her buttocks bumping her pelvis against those sweet round blue mounds that rippled a little with each thrust of the human, his balls rubbing against her swollen and needy clit making Dash lets out little moans of pleasure.

"What a nice ass this pack mule has," the human slaps Rainbow's butt right on her cutie mark.

He pressed her cheeks with large, strong hands, leaving marks of her fingers on the mare's buttocks, feeling the softness of the mounds as if they were pillows. Her hard, veiny cock slid easily between Dash's buttocks, jerking off with them and releasing precum that fell onto the mare's back, further staining her body with human semen.

“Your butt serves as if they were human boobs but this level of softness is unparalleled... \*SLAP\*

OHH!

I could do this all day, just looking at this ass bouncing makes me hard, hell how is a fucking pony better than a human woman...”

Rainbow Dash received the perverted and bizarre comment as a compliment to her person, something that filled her with pride, of the little that was left since her pride as a mare was lost when Sunny threw her to the wonderbolts and castle guards who fucked her. from all possible angles until it is a mess...

... It could be said that her pride was born as a whore of hers.

"Tha-...thank you... now why settle for just using my ass for a handjob, when you can stick your huge cock inside me and foolishly fuck me into oblivion... I'm at his mercy, defenseless, weak... and above all very ...very horny", Dash looks at the human with an arrogant smile but in her eyes hearts exploded as a sign that she loved this, being treated with a set of holes that are only good for fucking and further ruining her image as a hero.

The human smiles and looks at the mare, taking her by her mane and forcefully pulling her multicolored hair, making Dash scream with pleasure.

"You asked for it bitch", without giving her time to react the man inserts his cock into her gaping anus and begins to rapidly hammer Dash's hole.

"OHHH...OHHH...OHHH YES!! THAT'S WHAT I'M TALKING ABOUT," Dash's eyes roll to the top of his head as his mane is yanked back.

\*PLAP!\*\*PLAP!\*\*PLAP!\*

The thrusts of flesh hitting something soft began to be heard throughout the room, Dash's buttocks began to wobble like waves of the sea while the human introduces his entire magically enhanced cock into Dash's anus until he reaches the base of his pelvis stretching the already desecrated anal walls of the mare who can only shout insults at her person.

Meanwhile the crowd lined up to fuck poor Rainbow Dash against the wall and her screaming only brought more big and strong humans into the room for the sole purpose of having some fun with the prismatic pegasus.

"MY GOD, YOUR ASS FEEL EVEN BETTER WITH MY COCK IN IT!" The human stops pulling his mane and with one hand slams Dash's head against the cold wall while Dash is lost in pleasure, letting the human do what he wants with his body.

The man's thrusts were fierce and merciless, Rainbow Dash's buttocks continued to shake wildly as the human continued his thrusts towards her butt until after a while, he ended up emptying his balls into poor Dashie's ass causing her to let out a loud moan of pleasure.

But there was no time to rest as the human pulled out his cock with a loud "Plop" and another took his place, this time taking Dash's pussy starting to hammer and squeeze Rainbow's buttocks with one hand and the other crashing head against the wall.

"OHHH, CELESTIA!!, IT FEELS SO GOOD!!" Rainbow yells as beside her the humans, impatient to wait, start using their wings to masturbate or touch her butt and stretch her boobs with their hands.

Returning with scroll, she begins to get excited as she sees how each human takes their turn in each of Dash's holes, emptying their balls and the poor mare's butt is red as a tomato but that didn't stop the men from continuing to fuck her against the wall.

"HIP!... He seems to be enjoying it," says Scroll as a tingle is felt between his legs.

"One thing, I heard Sunny call them heroines, what does she mean by that? From my point of view, it's just another cunt I fuck mercilessly," Edison pours another drink.

"And they were... oh well at least that's what the history books of my planet said, they worked for Princess Celestia and stopped the evils of that time by offering their holes to the tyrant on duty, it's just that one day those whores disappeared... at least until a few months ago we found them frozen and well, my emperor was in charge of adjusting them to their new role as official whores of the empire where any stallion or male fucks them without caring if they were heroines before".

"So Sunny did a great job and calling them heroines is just a front so that by fucking them you feel like you're corrupting and humiliating these sluts, messing with their minds and making them fall into pleasure...", Edison take their drink and tell him She takes a sip as she continues to watch the TV, her cock was already erect and rock hard as she watches as Dash is moaning with pleasure and his men fill both of her holes with their seed causing Rainbow's stomach to swell to the size of two watermelons

"...Your emperor sure knows how to enter the minds of mares and destroy them. The most amazing thing is how he managed to dominate those six."

Scroll looks at his already erect cock and due to his drunkenness combined with the slutty feeling he starts drooling from the side of his mouth until he regains consciousness.

"Uhm... yes, it was a great achievement, he conquered each of them first he went to Twilight, he took her to her room and after a talk he managed to convince the princess of the new Equestria and he fucked her with a guard, according to my emperor He is proud of that conquest because he managed to make Twilight Sparkle herself kneel before the stallions' cock, something that no villain could do... now she is on the ship and I do not rule out that at this moment she is being used by the entire crew fucking her holes all the time..." Scroll watches as Edison masturbates without taking his face off the TV.

"Go on, I'm interested in knowing the fall of each heroine..." The human says quietly as if this is something normal in his life, although since he met Sunny, nothing would be normal from now on.

Scroll nods but can't help but lick his lips at the sight of the human's mast.

"Well... the next one was Rarity, according to the emperor she is one of his favorite conquests since she deceived the element of generosity with the promise that she would have a place in the ladder of the royal family only if she took a large number of stallions... and that did, he took her to a dark room and there a group of guards raped her for hours without rest, degrading Rarity to nothing more than a prostitute who offers her body to men in order to have a chance..." Scroll says but it's still ignored by Edison who hears Rainbow Dash's moans through the recording.

"Next~...is Applejack, the ship's cow...she was manipulated into being Sunny's wife by promising the mare that she was special, she was gang raped by royal guards while Sunny

listened to what they did to the mare." farmer... According to my last update, she is now a slave to the breeding zebras on the ship where they fuck her all the time without rest but she still thinks that she will be Sunny's special wife... I feel a little sorry for that mare, knowing that the emperor did not consider beyond a broodmare and furthermore-..."

"OHHH YES! FUCK ME ALL AT THE SAME TIME, DESTROY THIS FUCKING MARE!" Rainbow yells through the TV interrupting Scroll, the green mare turns and sees that now Rainbow is on top of a human penetrating her loose pussy while two other humans fuck her ass at the same time.

Apparently they didn't want to wait to take a single hole, they had little time and they had to take advantage of it properly and they will give this prismatic mare the best fuck of her life.

"YES, KEEP IT UP!... TAKE MY MOUTH, GO!... I WILL OPEN IT FOR YOU! AHHH!"

Rainbow opens her jaws sticking her tongue out at the camera that focuses on her face in a mess, remnants of semen could be seen inside her mouth while in her eyes only a broken mare is reflected and that only she wants to be brutally fucked.

Fortunately, she didn't wait long as three men came over and managed to get her cocks into Dash's mouth and she let out a loud moan of satisfaction at the feel of her mouth so full of cock.

The pegasus began to suck all three with difficulty but she did, showing her devotion to this new life, she sucked until she covered all three cocks with her saliva while looking into the eyes of the three men in front of her who had a perverse smile. on their faces, one of them placed his hand on the back of Dash's neck and began to caress her as if she were a puppy.

"Good girl, good girl, keep it up and we'll reward you with something better."

Dash got more excited and started sucking faster despite the pain in his jaws and the discomfort he felt having three thick rods inside his mouth. He could taste the precum from all three men, each drop of cum was a different flavor and fell straight into his bulging stomach. Each flavor was different for the pegasus, she had sucked so many cocks of different creatures and each flavor was different, that for Rainbow gave her a feeling of emotion since each cock was unique and she would never get tired of doing it like the first time.

It is an experience that will never end.

In her lower areas, there were three men who attended her pussy and ass fucking without any kind of mercy, each man went at his own pace wanting to make the mare feel a unique experience for each, although two of them share a single hole while the one in her pussy gets free access to Rainbow Dash's already desecrated hallowed spot, having fun with her pussy and taking his cock up to her cervix where he hopes to empty his seed and impregnate this cheerleader slut.

Those who are in her anus are only in charge of stretching their anal walls more and touching themselves with their partner who is using Dash's pussy.

But the only loser in this is Dash who is being used by these men for their pleasure while a large crowd that filled the entire room just waits for her turn. Dash wished he had more holes for the men to penetrate and not keep them waiting, he regretted not being able to serve them all.

The only thing he could do was give her the most and make them bring out her most perverse sexual fantasies and her body was all he needed.

The men in her mouth began to move, now they took control of her, Dash stopped sucking and felt the thick rods inside her jaw begin to penetrate her until they reached her throat. Rainbow Dash began to make muffled moans as the men continued to ram her into her messed up face.

Scroll began to hyperventilate, the mare wanted to be in Dash's place, she remembered what happened to her with the humans and how they raped her relentlessly, her crotch practically dripped like a river, she couldn't contain herself anymore, the alcohol and her desire to be a maid had already overcome her and without wasting another second she crawled on Edison's bed until she reached the captain's cock.

Scroll's jutting butt obscured Edison's vision, he could practically only see Rainbow Dash's head on TV, listening as his men fill Rainbow's holes with their sperm, Dash's cheeks swell from the sperm that spurts out of her mouth. corners of his mouth and nose, gradually losing consciousness.

The mare began to pant in need as she kissed the human's balls leaving marks of her lipstick.

"Hey, what's wrong with you, you fucking bitch, can't you see I'm onto something?" Edison grabs Scroll's face and starts to pull her away from her cock but her pony resists.

"I CAN'T TAKE IT! I NEED... I NEED YOUR COCK INSIDE ME RIGHT NOW!" Scroll yells elatedly.

"No, you already had fun, long now I haven't reached the best part of the movie yet", The human takes a sip of his drink and with a strong push throws Scroll off the bed.

Scroll begins to draw tears from his eyes, thinking that he failed in his mission, something that had never happened to him, all the missions that Sunny entrusted to him had always been a success, in that sense he resembled Twilight with Celestia, of course in his time when I wasn't a fucking nympho.

But now?, she had been rejected by her new master, that although she was similar to Sunny, she had her differences with him. her former emperor at this time would fuck her until dawn, pregnant with a colt of the many that he has scattered throughout the kingdom, he would entrust her with a mission that would probably end with her being gang raped or caught in a

sexual situation, just to fulfill her purpose and return to Sunny who would give her her reward, since Sunny despite everything loved her in a certain way, even if it was just to have sex...

...But Edison? He was only devoted to a pony, a mare and she is the one you are seeing on the screen right now being fucked by a crowd of humans, what does that bitch have that she doesn't? Why did he invite her to have a drink? congratulate her?, By commitment?, Scroll did not understand him, he pleased him, he planned a whole strategy so that he would have sex with her, he pretended to be someone he is not, he dressed as the whore cheerleader he was in love with and even told him the things of his planet and what did he gain?...

...A measly gulp of a drink that tastes disgusting and she didn't even really have sex with Edison because Scroll is pretending to be another mare.

She had never felt so... humiliated in this way, it was a contempt very different from the one Sunny gave, humans, despite being so cruel when having sex with her, are also very strange beings for the mare to understand.

Scroll got up shakily from the ground reflecting what he thought, he looked at Edison who did not take his eyes off the TV this time showing Rainbow Dash standing with her legs spread, surrounded by humans on all sides while doing a kind of dance with her butt moving up and down.

The prismatic mare was covered in a new layer of hot semen and her holes full of human seed gushed out the accumulated semen while Rainbow continued to move her behind hypnotically in a dance called "Twerking".

"That fucking mare...", those words of hate from Scroll was something he never thought he felt but something like jealousy and hatred between mares for a stallion, was something uncommon in the new Equestria.

Scroll was not going to give up and without caring about anything he approaches Edison's drink that was next to the captain and from his skirt he takes out what is from the potion, a multicolored powder, the captain realizes this and questions Scroll but the pony at lightning speed takes the captain's face with her helmet and forces him to drink the potion, who knows how long it will last with the alcohol combined with the potion, only Scroll hoped that it would not kill him.

"DAMN WHORE!" The captain pushes Scroll onto the bed, placing himself on top of her.

"I'M GOING TO PUNISH YOU FOR YOUR DAMN INSOLENT AND THEN I WILL RETURN YOU TO SUNNY AND I WILL TELL HER EVERYTHING YOU DID, WITH LUCKY YOU WILL BE THE PERFECT EXCUSE FOR ME TO FINALLY SWITCH TO RAINBOW-..."

Edison begins to get dizzy, the situation around him begins to change, the human begins to babble incoherently until his vision blurs, closing his eyes constantly, he looks at Scroll and the mare that had previously drugged him to the core began to take on the appearance of her beloved pony, Rainbow Dash.

The captain, completely out of his mind, got hard when he saw her, he started approaching "Rainbow Dash" and babbling her name.

"Captain?! Is she okay?!", the fake Rainbow Dash says but Edison only answers by swinging on top of her, he opens the pony's legs taking them up to her head so that she has free access to her pussy.

The fake rainbow mare screeched in delight and began to pant in need, her gaze focused on Edison's huge cock that lined the entrance to her snatch brushing against her clit until it finally entered her needy pussy making her scream with delight and pleasure. .

"GAHHHH! IF THAT'S WHAT I WANTED ALL THIS TIME! FUCK ME CAPTAIN! FUCK ME LIKE THE FUCKING PRISMATIC WHORE I AM!" Scroll yells at the top of his lungs as Edison obeys and starts hammering "RD's" pussy.

"I wanted this too, I don't just want to fuck you today, I'll fuck you tomorrow, the day after and then the day after, until the end of time you fucking horny mare."

Edison kisses RD passionately while the video showed the real rainbow pegasus squatting as she sucks two humans using her mouth and at the same time masturbates 4 others with her helmets and wings.

When Edison pulls back from the kiss leaving a trickle of saliva, Edison cums on the fake Rainbow's pussy who rolls her eyes and gives a loud moan of pleasure.

But things did not end there.

Scroll dressed as Rainbow looks at the captain; she is still hard and without giving him a break, she takes the mare from her hips placing her on top of him. The human's huge cock rested between the rainbow mare's thick cheeks, waiting to be attended to.

"Maturbate with your buttocks," orders Edison.

Rainbow panting heavily nods her head.

"If I love".

The mare moves a bit to grab Edison's cock between his buttocks and begins to move up and down slowly.

Back to the video.

The shot changes this time to show Rainbow being lifted by a human and her legs are behind her head, giving hers two well-used holes a free pass.

The human who picked her up lined her cock up in her ass while the other reached out and rammed her thick rod into her pussy.

Both humans shoved their cocks deep into Rainbow's holes until both their pelvises collided with the rainbow mare's rear. Rainbow lets out a loud moan of pleasure as the humans laughed and began penetrating her pussy and ass at the same time, crushing Rainbow between the two of them with her toned, muscular breasts.

"Make it faster now bitch," Edison commands.

The fake Rainbow moves her hips faster up and down, she can literally feel how Edison's cock begins to come out of the tip of the pre-cum, staining her padded buttocks along the way.

Not only that, since she herself begins to stain Edison's cock with the semen that had been empty inside her for a moment, but she doesn't care about it, she only cares about pleasing him, that he foolishly fucks her until she becomes a walking mess.

Edison for his part feels that he is in heaven when he feels the wonderful cheeks of his fucking mare crush his penis, he does not feel pain or anything due to the softness of the meat for him this was fucking paradise, a paradise in which the rules Human morals and customs do not matter to this mare and she could do what she wanted with her body.

"Enough whore, now put my cock in any of your holes, you choose where you want my load."

The fake Rainbow bit her lip with emotion and didn't think twice; she lifted her huge ass, looked down to get a good aim, and in one fell swoop she shoved all of Edison's cock in until she was up to her cervix.

"AHHH YES! IT FEELS GREAT YOUR COCK DESTROYING MY PUSSY! PLEASE GIVE ME A SON, YOURS MY LORD!" The fake Rainbow screamed at the top of her lungs and began to lift her hips up to lower them back down in a strong senton with her buttocks swaying like jelly.

In the video something very similar happened with the difference that the real Rainbow Dash attended to five humans at the same time, penetrating her holes mercilessly while her hoofs and wings attended to the others who were still waiting for a turn.

The real Rainbow took a look around her and was not surprised at all to see that the crowd had not diminished one bit, it is more every time her holes attended a group more humans came to the room where they had her imprisoned and used. like a toy.

Normally any mare is concerned about this but not one like Rainbow Dash who has a mind that at this point is pretty screwed up and all she can think about is being brutally fucked.

When the group finished in all her holes another group came from her and grabbed her mane causing Rainbow to squeal with delight.

The shot changes and this time Rainbow is shown on top of a human and his cock between her cheeks, another climbs on top of her and two others put their cocks without hesitation in the mouth of the rainbow mare, who was gargling and moaning. .

Everyone present wanted a piece of the heroin and Rainbow was giving them just what they wanted.

Going back to Edison.

"A son is just what I will give you damn bitch, I don't care how long it takes but I will impregnate you with my seed, you will have all my children and you will be my wife for the rest of your life"

Edison lifts her hand and starts spanking Rainbow, making her scream.

"YES! COME ON! WHIP ME HARDER!"

Edison agreed to the order, and began spanking Rainbow's generous ass multiple times until she turned red.

"I'll cum on your pussy so get ready."

Edison grabbed Rainbow by her buttocks digging her fingers into the soft mare flesh and began hammering Rainbow's pussy like there was no tomorrow until she finally ended up inside the mare.

"OOOOOH FOR MY GODDESS CELESTIA! IT'S TOO MUCH!"

The false rainbow's stomach begins to expand creating a bulge. Edison's cock was still inside her, cumming like a hose as the mare squealed with delight.

When Edison withdrew his cock from Rainbow's pussy, leaving a trail of cum coming from her cum dripping pussy, Edison's cock was covered in white liquid and the bed was slowly becoming a mess.

Tired Rainbow leans on Edison's muscular chest to take at least five minutes...

...But Edison was still hard and full of energy.

The captain of the human ship takes Rainbow by the mane and with an evil face looks at the panting face of the mare, tired and defeated.

"We're not done yet, I hope you have energy for more."

Edison pushes Rainbow Dash away and flips her over so her butt is right in front of him. The human takes Rainbow by both arms and aligns her cock in the mare's ass and with a strong push he puts everything until Edison's pelvis collides with Rainbow's buttocks.

"OH...FUCK!"

Rainbow's face was left in front of the video as she was fucked by Edison and this time the real Rainbow is shown lying on the floor in a puddle of sperm, gasping for air as the humans around her stop to regain some of their strength.

However, that didn't stop other lucky ones from approaching her and having some fun with her.

A human grabbed her by the mane, pulling her out of the puddle of sperm, dragged her to a table, and placed her on top of it.

The crowd watches in delight as the utterly defeated mare continues to gasp for air; her holes are dripping with jizz, her outfit is ripped and torn.

A sight too perverted and exciting for the crew. A human approached the panting mare with a marker.

"Ready to officially be a fucking cumdumpster for us, mare?"

The human opens the marker and begins to write on Rainbow's face. The cold tip of the marker makes Rainbow shiver, not being able to do anything to stop it, although it's really not like she could, no, she wanted to, now this is her new life as a mare who offered her holes to anyone and loved to be fucked. brutally in a group, loving every moment like an official whore of the empire.

When the human ended up on Rainbow Dash's forehead he said "HUMAN SLAVE 4EVER".

"Go ahead guys, grab a marker and make some body art out of this fucking pony."

And sure enough, they did, each human taking a marker to write any obscenities on the dying Rainbow Dash's body.

On each part of Rainbow's body there was a degrading and humiliating writing, on her face the words were written; "SLUT", "COCKWARMER", "PLACE YOUR COCK HERE", "HUMAN COCK COVER", "FREE FACEFUCKS", among others.

On her torso they were written; "PONY SEX TOY", "DUMB WHORE", "HURT ME!", "SLUT", "CUM BUCKET", "YOUR FOALS GO HERE" this last one written on her stomach.

And finally on her butt and boobs were written; "PUBLIC USE", "WHORE INTERSPECIES", "CUMDUMPSTER", "SPANK BANK", "10/10", "FOAL FACTORY" with the latter pointing at her pussy, "20% more Bitch", "I LOVE HUMAN COCK" and among many more obscenities.

When the humans stopped writing they began to take photos of Rainbow Dash and her new state of completely humiliated and raped whore.

After that a large, big-bellied, chubby human makes his way through the crowd.

"Oh no, it's him..." said one of the humans around.

The crowd parted a little to let him pass, the smell of this human was disgusting and foul-smelling, many around him couldn't stand the smell and went outside to get some fresh air.

Rainbow who was still catching her breath ignores the shadow above her as the mare looks up and looks at the chubby human who to her surprise is not naked.

The smell of garbage reaches Dash's nostrils making the mare more dizzy than it should be.

"Are you the new toy on the ship?" The human snot comes out of his nose and with his forearm he removes it, only for a second later green liquid to come out of his nose again.

Rainbow nods.

"Okay...Because now it's my turn", the human lowers his pants and to Rainbow's surprise he had a considerably large and thick cock.

But what scared her was that this man's hygiene was not in his day-to-day habits. In front of Rainbow was the dirtiest and most disgusting cock that he had ever seen in her life; smegma, pimples and pubic hair combined a horrible smell was all the mare could see, causing her revulsion.

"Now little pony I want you to suck my cock, it's specially prepared for you..."

The human pricks Rainbow's cheek with her cock and then smears the smegma all over the mare's face leaving her in a sticky and smelly mess, Rainbow wanted to vomit but she had to hold back not to disappoint her mission .

no matter how gross it was.

"Listen to me, little pony, I need a pussy in my life... I have to stop being a loser"

The more impatient human grabs Rainbow by the head and pushes her against her pelvis. Rainbow can feel her cock throbbing from her in hopes of being serviced. The pubic hair began to stick to her face, her smell became more unbearable and the desire to take out everything she had inside her was increasingly difficult to contain.

However...she did.

The proud Rainbow Dash began to lick the human's disgusting cock, licking the sides of her member as she looks the human in the eyes who begins to smile madly.

"Yes! Yes!... finally a woman sucks my cock"

The saliva from her mouth fell on Rainbow Dash's face, luckily she was used to being spat on her face. Rainbow kept licking the human's cock until she finished with a tender kiss at the tip of the urethra but she didn't stop there, the rainbow mare started licking the human's smegma using her tongue around the monster cock.

Rainbow moves away a little and with her mouth she begins to play with the smegma and swallowed pubic hair, when she opens her mouth the human smiles with joy when she sees all her essence in the mouth of the proud Rainbow Dash and with a strong bite, she eats it. He swallows until he falls into his stomach.

The humans around had different reactions; Some left the room to go vomit and others began to laugh at Rainbow insulting her since she turned out to be a whore who would do anything to please her masters.

"OHHH MY GOD!! YOU'RE AN AMAZING MARE!..." The chubby human positions himself behind Rainbow, placing his hands on the mare's soft bottom, getting more aroused as he has never touched a woman in his life.

"SO SOFT! NOW I WILL TAKE YOUR PUSSY!"

With a strong push he put all his fat cock in Rainbow's pussy who began to moan with pleasure again. The chubby human's thrusts were sloppy and strong, Rainbow guessed that he had no experience in intercourse, he just wanted to fuck her until he was satisfied.

After a while the fat human emptied his load into Rainbow's pussy who let out a loud moan of pleasure, withdrawing his still rock hard cock.

"That was great, little pony but I still want more..."

Scroll dressed as the rainbow pegasus, seeing this, she couldn't help but want to throw up, it's a very humiliating and exciting act for the horny mare.

Meanwhile Edison was still hammering his ass with strong and fast thrusts, not caring about anything, just wanting to procreate with the mare he fell in love with.

"Here we go again, are you ready?"

Rainbow Dash or Scroll just nods his head exhausted and tired, all he can do is groan weakly in confirmation.

"Well take my load my new wife"

After a few last thrusts he came up Rainbow Dash's ass, pulling his cock out of her to see the creampie she left in her ass.

"Ohhhh!!!... that was great, my lord... but I really need a break-"

Edison didn't listen and took her by the waist and then placed her body against the wall and began to fuck her again.

The moans of the fake Rainbow were heard throughout the room again while the video was almost ending with the humans taking photos with Rainbow Dash in different poses or fucking her directly.

In the video edition, these photos can be seen as one where the entire crowd of humans are smiling at the comrade while Rainbow Dash is leaning on the leg of a human, licking the side of his leg, a clearly broken look is reflected on the mare and her body clearly desecrated with writings, tattoos and semen.

Another photo flashed on screen and this time it's Rainbow Dash being held by her head as she's being picked up by a human and the entire crowd is behind her waiting to brutally fuck her, Rainbow's face reflecting absolute delight with her eyes on top of her head. , her tongue hanging out to the side and smeared makeup.

The last photo is Rainbow leaning against the wall full of obscene writing, Dash's legs spread obscenely while the crowd of men figure as shadows covering her.

There were more photos that later will serve as proof of a successful relationship between humans and ponies, a relationship that will be fruitful in the future thanks to this multicolored mare that united two worlds through her three holes and her loyalty.

And before it was all over, a message went out saying "Until we meet again, RD", probably a message put by Edison.

After that, the video ends, however Edison still wasn't done with Rainbow Dash from him.

The human held Rainbow against the wall as she fucked her pussy like a savage, the mare who was literally crying with joy and moaning as loud as she could, until Edison cums on her pussy.

The captain drops the mare to the ground leaving her in a gasping mess.

"That... was amazing, but I think it's time to go..."

The mare starts to crawl towards the exit but Edison jumps on top of her shoving his cock into her aching pussy.

"You will not leave here you fucking rainbow whore, you are the linchpin of our relationship and I will make sure you are useful enough to our government."

Edison starts hammering his pussy making fake Rainbow's buttocks bounce.

"For our next trip, it's a week to get here, so get your ass ready so you won't be leaving this room for seven days..."

Scroll in her Rainbow Dash facade, swallowed nervously, seven days of wild and relentless sex locked up with this human who won her heart... it doesn't sound so bad for her, since that way she can get to know him more and get closer to him .

"Computer, nobody bothers us, we will have a week full of fun"

A confirmation beep sounds and the entire room goes into a "Do Not Disturb" mode, leaving you in a dull silence but if you pay close enough attention you could hear the:

"OH! OH! OH! OH!"

of a mare being raped as well as sounds of flesh hitting flesh, whipping.

Scroll will have the best week of her life but she in turn learned something from her new master and that is to never get carried away by alcohol because otherwise she will end up raped by the captain.
