Bilingual Glossaries

<https://steinhardt.nyu.edu/metrocenter/language-rbern/education/glossaries-ells-mlls-accommodations>

The bilingual glossaries are intended to be used by teachers, English Language Learners, test translators, and material and curricula developers. Students should use these documents daily as supplements to their texts, for studying or as references when taking the Regents examinations. Teachers should use the glossaries as reference in preparing lessons. They should be of special value in classrooms where the teachers do not speak the targeted languages. Please note that the translators of the Regents examinations will also use the glossaries to prepare the translations of the subject area Regents tests.
