2022 KAMIKO 100% Speedrunning Tournament Rules

SIGN UP FOR THE TOURNAMENT HERE! Seeding for the tournament will be handled by the KAMIKO mods, using leaderboard times for 100% as of August 22nd 11:59pm as a guide. The tournament will begin August 23rd. Current signups can be found here. Direct all questions to the tournament pages in the Kamiko discord or DM mdmason85#2738 on discord.

Tournament Format

The format for the tourney will be a full round robin into a staggered double elimination bracket, with the expectation of 1 match per week. We will work to be flexible with scheduling, as long as advance notice is given.

Match Rules

One set will consist of individual 100% RTA runs. Best of 3 for pool matches and best of 5 for bracket matches. The lower RTA time for a run will result in a single game win. If you fail to completely 100% the game (missed secret or upgrade), a penalty will be added to the RTA time. 60 seconds for a missed secret, 90 seconds for a missed upgrade.

Best of 3 (pool play):

- Game 1: A coin flip will determine who will ban one character, then the other player will choose what character will be played.
- Game 2: The loser of game 1 will choose what character will be played.
- Game 3 (if necessary): The loser of game 2 will choose what character will be played (you cannot pick the character you won with unless agreed by both players).

Best of 5 (bracket play):

- Game 1: The higher seed will pick the character.
- Game 2+: The loser of the previous game will choose what character will be played (You cannot pick the character you most recently won with).
