SKILLS & CERTIFICATIONS

Certifications: [Name of Certification] Issued: [20XX]
Networking: Cisco Packet Tracer, LAN/WAN, VPN, Firewalls, IDS/IPS, Network Auditing, TCP/IP, Secure Network Architecture
Cloud & Cryptography: Encryption (TLS, SSL, AES, RSA), PKI, Secure Communication Protocols
Security: Intrusion Detection & Prevention, Penetration Testing, Ethical Hacking, Vulnerability Assessment, Risk Management, Threat Analysis, Incident Response, Security Audits
Tools: Wireshark, Nessus, OpenVAS, Splunk, QRadar, Metasploit, Burp Suite, Nmap, Autopsy, FTK Imager, Volatility
Security Governance & Compliance: Security Policy Development, Risk Assessments, Business Continuity Planning, Security Awareness Training, Access Control (Active Directory, MFA, Role-Based Access Control)

RELEVANT EXPERIENCE

Cybersecurity Analyst | Capstone Project | Company Name   Month 20XX - Present
- Investigated a ransomware attack on a simulated healthcare network, analyzing attack vectors and system logs using Splunk SIEM, Autopsy, and Volatility.
- Identified ransomware strain and assessed data encryption impact, evaluating potential data exfiltration risks.
- Developed an Incident Response Plan (IRP) in compliance with NIST 800-61 guidelines, outlining containment, eradication, and recovery strategies.
- Performed memory forensics to trace malicious activity and determine root cause, leveraging digital forensic tools.
- Compiled an Incident Report and presented key findings to executives, recommending backup solutions, security patches, and awareness training to prevent future attacks.

Job Title | Company Name | City, State   Month 20XX - Present
- Bullet 1 - Don't forget to use this bullet format for all professional bullets: a strong action verb + what you did and how you did it + why it matters / what was the ultimate outcome
- Bullet 2 - Always focus on the most relevant, most transferable skills - even the most technical jobs value seemingly soft skills such as teamwork and collaboration
- Bullet 3 - When in doubt, review the resume curriculum in the LMS. It contains lots of helpful hints and best practices.
