01. *mcu*

MANTIS WAS RAISED ON EGO'S PLANET. since being taken in while she was in a larvae state off her own planet, she was raised under the protection of EGO. she doesn't know much about herself or where she came from. what she does understand is that she is an EMPATH ; able to read and understand the feelings of anyone she touches. mantis also can manipulate feelings or help people sleep, which she assisted ego with, many times.

with the help of the guardians, she was able to flee EGO'S PLANET and since then, became a **GUARDIAN OF THE GALAXY**. She now travels with them to collect what they can find and take work when needed. in *infinity war*, she helped subdue the mad titan, thanos, though her group was unsuccessful and thus was turned to *dust*. when the battle was won, she continued to explore with her fellow guardians.

unless discussed, mantis and peter **ARE NOT RELATED** in my canon !
