Who We Are

Challenge CCJ is a service designed to help individuals challenge unfair County Court Judgments (CCJs) by assisting in the preparation of necessary legal documents. We are not a law firm, we do not provide legal advice, and we are not regulated by the Solicitors Regulation Authority (SRA) or any other legal body. Using Challenge CCJ does not create a solicitor-client relationship.

ChallengeCCJ is a portfolio company of Supportyou AI Ltd.
Any payments are processed through SupportyouAI Ltd..

What We Do

When you submit information through our site, we use it to generate legal documents tailored to your case, including but not limited to:

N244 Application to Set Aside Judgment Draft Order Witness Statement Subject Access Request (SAR)

These documents are for your use only and should be reviewed carefully before submission. While we aim to make the process as simple as possible, we do not guarantee any outcome in your case. The success of any application depends on the court's decision and the details of your case.

1. **Your Information** By using Challenge CCJ, you may submit personal details, documents, screenshots, images, and written explanations of your case. We do not share your information with third parties and only use it to create the documents needed for your challenge. You are responsible for ensuring that any information you provide is accurate and truthful. We are not responsible for any errors in submitted details that may affect the success of your case. You are solely responsible for reviewing and ensuring the accuracy of any documents generated through our service before submitting them to the court.
2. **No Legal Advice** While our service helps you prepare documents, it does not replace legal advice. If you need formal legal representation, you should seek assistance from a qualified solicitor or legal professional.
3. **Your Responsibility** Once we generate your documents, it is your responsibility to:

Review all materials before submission. File them with the relevant court or authority. Follow up on your case as needed.

We do our best to ensure that the documents generated align with court requirements, but we cannot guarantee acceptance by the court. Users are responsible for ensuring they comply with all necessary legal and procedural requirements. 4. **No Guarantee of Success**

We do not guarantee that using our service will result in your CCJ being set aside. The success of any application depends on the court's decision and the details of your case.

Payments & Fees

If there are any fees for using our service, they will be clearly stated before payment. Court fees for filing documents (such as the N244 application fee) are separate and paid directly to the court.
