Dear Friends & Neighbors,

I am inviting you to a **Share My Kitchen Table (SMKT)** event at my home

sponsored by **We Get Out the Resistance (WeGOTR)**.

WeGOTR is a grassroots, non-profit, Albany activist group and one of the 11 groups in the Greater Capital Region Coalition (GCRC). 2026 is the most important political year in our lifetime. WeGOTR will present a **New 2026 PowerPoint: One Million Rising**, which outlines activism strategies, mid-term election data & actions, advocacy of NYS progressive legislation and student engagement. A recent poll showed that 74% of Democrats want to take action, but they don't know what to do. This event solves that problem!!!! WeGOTR has come up with some creative and effective actions that will allow you to get out there and "Make Good Trouble."

The Democratic Leadership will not save us. The Courts will not save us.
There is only one POWER large enough to defeat Fascism and it is WE THE PEOPLE!

WeGOTR collaborates with these National Activist Organizations:

Indivisible, Swing Left & Vote Forward

Come join me. I will have light refreshments and lots of like-minded people.
There are a few items for sale, so bring cash.

Sincerely,

RSVP: Please text, email or phone by _____. You are welcome to bring a friend or partner (again, just let me know). Then, mark your calendar and join me. Nothing could be more important.

Barack Obama: "None of us can sit this one out."
