**INTRODUCTION (Written in bold capital, Book Antiqua 12)**

*All paragraphs are left-aligned without indentation.* This section of the research contains the background, research problems, summaries of previous relevant studies, the gap of knowledge, and research objectives. This will reveal the state of the art, its originality, APA style with a single space. Example: (Moleong, 2016), (Sheikhalizadeh & Piralaiy, 2017) (Levina et al., 2016)

The article submitted is of the author's original work that is plagiarism-free, and neither of which has been previously published in other scholarly journals or books. Articles published in this journal must comply with the article format, which is the style of this journal. *Written in Book Antiqua 12, with a single space.*

## **RESEARCH METHOD** (Written in bold capital, Book Antiqua 12)

The research method describes research design, population, and sample (research objectives), data collection techniques, and data analysis techniques. Qualitative research with case studies, phenomenology, and others, at least present the research location, the presence of researchers, research subjects, informants, and techniques to collect research data, as well as a description of the technical analysis of research data. Whereas in quantitative research, it is necessary to present the population, samples, and data analysis techniques. Written in with Book Antiqua 12

## **FINDINGS AND DISCUSSION** (Written in bold capital, Book Antiqua 12)

Researchers need to inform several important (original) field data obtained from interviews, observations, questionnaires, surveys, documents, and other data collection techniques. The findings are presented in full and are related to the pre-determined scope of research. Findings can be supplemented with tables, graphs, and/or diagrams. Tables and figures are numbered and titled. Example:

**Table 1. Table title should be placed at the top**

Title 1	Title 2	Title 3
entry 1	data	data
entry 2	data	data

Pictures, graphs, charts, schemes, or diagrams are numbered consecutively and the title below, with Book Antiqua 12;

**Figure 1. Lecturer Quality Coaching**

The result of data analysis is explained correctly in the article. The discussion part logically explains the findings, associated with the relevant sources.

## **CONCLUSION** (Written in bold capital, Book Antiqua 12)

The conclusion contains the short summary of the findings and discussion, presented briefly, narrative, and conceptual. Avoid using bullet and numbering.

The conclusion and recommendation of the author are given in this section and are consistent in using the term “Conclusion”. The conclusion of the research should serve the urgent purposes of the study within this section. This can be followed by suggesting the relevant future studies.
