9.28.20

Explore the CSE Library Catalog and request a book to read this fall.

by Mr. Karpicke on September 28

As the weather gets colder and daylight hours wane, we're all spending more time indoors. While not all of us look forward to the winter months, fall does present the perfect time to cozy up with a good book. Take a look at some of our new fall titles below and explore our **New Arrivals** page on the media center website (www.cse-mn.org/mediacenter/new-arrivals) to learn about even more!

THIS WEEK'S TOP STORIES

Celebrate Hispanic Heritage Month (Sept 15 - Oct 15)

Hispanic Heritage Month recognizes and celebrates the contributions Americans tracing their roots to Spain, Mexico, Central America, South American and the Spanish-speaking nations of the Caribbean have made to American society and culture (US Census Bureau). We at CSE are proud to celebrate our community members of Hispanic and Latinx heritage.

HHM Booklist

An excellent way to learn about and celebrate Hispanic and Latinx culture is to immerse yourself in books that tell Hispanic and Latinx stories. **Scan the QR code to the left** to access a list of books CSE Media Center staff recommend for celebrating Hispanic Heritage Month. Included are our favorite children's, chapter, YA, poetry, and graphic novels by Hispanic/Latinx authors, telling Hispanic/Latinx stories.

Enjoy CSE's large eBook Collection with MackinVIA

The CSE Media Center has a large collection (over 7,000 titles) of eBooks available for free through MackinVIA, an online program for browsing and reading eBooks. The state of Minnesota provides this collection to us through the University of Minnesota and Minitex. To access eBooks visit www.csemn.org/mediacenter/digital-resources-ebooks and click the MackinVIA icon. Use the username **csemediacenter** and the password **csereads** to login, browse, and choose from thousands eBooks.

The login information shared above is strictly for CSE students and their families to use. If students would like their own account in MackinVIA, which gives them the ability to favorite books they want to read, make notes about books they enjoyed, request books to read later on etc., they should let their classroom teacher (or advisory teacher) know.
