## EDUCATION

**Nazareth College**, Rochester, NY

Expected December 2029

Bachelors of Science in Biomedical Science

Minors: Pre-Med, Clinical Lab Sciences

GPA – 3.76; Deans List (All Semesters); Presidential Scholarship

### Relevant Coursework

- |                            |                                 |                 |
|----------------------------|---------------------------------|-----------------|
| • Chemistry I & II         | • Physics I & II                | • Genetics      |
| • Biology I & II           | • Anatomy and Physiology I & II | • Hematology    |
| • Organic Chemistry I & II | • Biochemistry I & II           | • Blood Banking |

## LABORATORY SKILLS

- |                         |                       |                             |
|-------------------------|-----------------------|-----------------------------|
| • ABO Typing            | • NMR Spectroscopy    | • Microscopy                |
| • RBC Indices           | • Titration           | • Polymerase Chain Reaction |
| • WBC Differentials     | • Filtration          | • Dilutions                 |
| • Infrared Spectroscopy | • Gel Electrophoresis | • Gel Staining              |

## RELEVANT EXPERIENCE

**Chemistry Department**, Nazareth College

January 2027-Present

Laboratory Assistant

- Prepared organic chemistry lab equipment and solutions for groups of 30 students twice weekly
- Assisted students with questions, techniques, and lab equipment used during laboratory hours
- Sterilized glassware with an autoclave; disposed of hazardous materials as per safety guidelines daily
- Organized chemicals by toxicity, corrosiveness, acid, and bases
- Maintained a safe, well-stocked and clean laboratory in accordance with OSHA, ANSI, EPA technical and safety protocols

**Chemistry Department**, Nazareth College

Supplemental Instructor for Organic Chemistry

August 2027-May 2028

- Organized two weekly supplemental sessions to assist up to 20 students in organic chemistry
- Facilitated discussions among groups of students both in class and in the supplemental sessions
- Created and planned out organic chemistry worksheets for every session that focused on important material presented the prior class
- Collaborated with and assisted the organic chemistry professor in presenting class materials

**The Arc of Chemung-Schuyler**, Watkins Glen, NY

Direct Support Professional

May 2027-January 2028

- Assisted and guided residents in their daily care, activities, and nutrition
- Prepped and prepared meals along with completing household chores

## LEADERSHIP & ENGAGEMENT

**Pre-Health Club**, Nazareth College

August 2026-Present

**Science Club**, Nazareth College

August 2026-Present

## RELATED EXPERIENCE

**Campbell-Savona Central School District**, Savona, NY

Substitute Teacher

January-June 2029

- Supervised students individually, in small groups, and in large groups, while teaching students their lessons and assisting them with their daily activities
