

FlyerDoc

Below are links to content that staff will use throughout the school year to access professional development content. The goal for the school year is to provide staff the freedom to perform this professional development at a time that works best for them. Time will be built into the school year during In-service days and Flyer Fridays. The concept of flexible professional development is to give staff the flexibility to complete professional development activities during this time, or leave and perform the professional development activities at a different time in the future.

Throughout the school year, there will still be organized staff gatherings. Administration will let you know when it is necessary for you to attend, when we will have Flexible PD time. Voluntary support sessions will also be available for you to attend during the flexible professional development time.

Below is the list of content that staff are asked to focus on during Flexible PD time. An important aspect to Flexible PD is to allow you to work “at your own time and at your own pace,” while successfully meeting the district professional development initiatives that have been determined by the administrative team. Only items below may be used during the designated Flexible PD time.

Elementary (K-6) Staff:

[Daily 5](#) On-line Training and Lesson Development

[Planbook](#)

[Daily Routines](#) On-line Course

[WIDA “Tips & Dips”](#) Strategies for content teachers to use with ESL Students (Dec.5 5-6pm)

After each session of Flexible PD that you perform (even if you complete it during the scheduled Flexible PD time) please complete the [Flexible PD Feedback Form](#). This form will be sent to administration to monitor the efficiency of Flexible PD, and to provide feedback to the administration about the quality of the professional development activities chosen for the FlyerDoc. A guideline for staff is to complete the Flexible PD within one week of the allotted time.

Thank you!

Admin Team
