- 3) Vote

Change Number System and Gender Restriction System (5 boys, 5 girls)

Yes to change: 7

Maybe: 7

No: 2

Yes Reasons:

Inclusive

No points, not risky

Drama lessened

Gunn does it fine

Unity for greater good of people (People are going to be mad either way)

People should not feel unqualified and turn away from the dance

Maybe Reasons:

Number too big

Float, theme issues

Point System

Based solely #'s (Double edged sword)

Gender ratio

Tryouts ok, non bias judges

We aren't Gunn, Paly has more cliques

Too much work for students to have to worry about the dance

Choreographer needs to be inclusive

No Reasons:

Risky

Hard for leaders

Manipulative people putting the bad dancers in the back doing nothing

People who aren't trained in dance should not do stunts!

Increase # of participants (25), but not unlimited

Competition

Transition Year

Make rallies more inclusive

Have to start from somewhere (steps)

Email from a student of class of 2015:

View: We shouldn't change the spirit week dance tradition

It will add stress and more problems to students

Mr. Hall's Response:

View: Don't exclude anyone because they are not in a specific clique

More unity for each class

Auditions of any sort leads to problems

It doesn't matter what dance skill you have (Have something for everybody)

Spirit Dance Second Vote:
