

Vengeful Strategist Card story

Yuya: Yahoo, little snoop, isn't it the perfect weather to play a party of chess.

Yuya: Come sit down and join me.

Yuya: Yes, yes good kid shall I pet your head as a reward?

[-]: Please don't

Yuya: Alrighty, now isn't it a coincidence that we're meeting. I actually planned on talking to you.

Yuya: Sometimes fate just plays right into your hands, Gyahaha~☆

Yuya: Hm? Now now kid, don't look at me with those wary eyes of yours, I won't do anything weird. Or is just talking already too much, hm?

Yuya: Gyahaha, you're a funny kid, I can imagine things never getting boring with you around.

Yuya: Shelly is currently staying with my little sister, you know Mayu, right? But you wouldn't be as suspicious with her now would you. After all, other than me she is actually a truly optimistic person.

Yuya: Right, right, I'll try to get to the point why I called you over.

Yuya: How should I say this, you've only been here for a short while. I bet you've already gathered some dirt on some idols around here.

Yuya: I know how foolish those kids are, well some just can't keep their mouths shut. But I will warn you here and now; If you ever think about trying to drag my dear sister down or decide to get in my way.

Yuya: Well you can imagine what could happen.

Yuya: Hmmm~ I feel like I've said too much maybe. Maybe my statement earlier was a bit hypocritical.

[-]: Checkmate

Yuya: Ah you've cornered me, well there's nothing I could do now I guess. Congratulations!

Yuya: Leaving already? Gyahaha~ trying to get away from me so soon, not that I am surprised. Well bye bye, kid, I had fun playing with you~!

Yuya: I was inattentive, what a foolish mistake... Well sooner or later that snoop is bound to get into something dangerous.

Yuya: I shouldn't put all my energy into trying to deal with that kid... focus.
