## **Interdistrict Attendance Permits**

### **INTERDISTRICT ATTENDANCE**

#### **Interdistrict Attendance Permits**

In accordance with an agreement between the Governing Board and the board of another district, a permit authorizing a student's attendance outside his/her district of residence may be issued upon approval of both the district of residence and the district of proposed attendance.

The Superintendent or designee may approve an interdistrict attendance permit for a student for any of the following reasons when stipulated in the agreement:

1. When the student has been determined by staff of either the district of residence or district of proposed attendance to be a victim of an act of bullying as defined in Education Code 48900(r). Such a student shall be given priority for interdistrict attendance under any existing interdistrict attendance agreement or, in the absence of an agreement, shall be given consideration for the creation of a new permit. (Education Code 46600)

(cf. 5131.2 - Bullying)

2. To meet the child care needs of the student. Such a student may be allowed to continue to attend district schools only as long as he/she continues to use a child care provider within district boundaries.
3. To meet the student's special mental or physical health needs as certified by a physician, school psychologist, or other appropriate school personnel.

(cf. 6159 - Individualized Education Program)

4. When the student has a sibling attending school in the receiving district, to avoid splitting the family's attendance.
5. To allow the student to complete a school year when his/her parents/guardians have moved out of the district during that year.
6. To allow the student to remain with a class graduating that year from an elementary, middle, or senior high school.
7. To allow a high school senior to attend the same school he/she attended as a junior, even if his/her family moved out of the district during the junior year.
8. When the parent/guardian provides written evidence that the family will be moving into the district in the immediate future and would like the student to start the year in the district.
9. When the student will be living out of the district for one year or less.
10. When recommended by the school attendance review board or by county child welfare, probation, or social service agency staff in documented cases of serious home or community problems which make it inadvisable for the student to attend the

school of residence.

(cf. 5113.1 - Chronic Absence and Truancy)

11. When there is valid interest in a particular educational program not offered in the district of residence.

12. To provide a change in school environment for reasons of personal and social adjustment.

The Superintendent or designee may deny initial requests for interdistrict attendance permits due to limited district resources, overcrowding of school facilities at the relevant grade level, or other considerations that are not arbitrary. However, once a student is admitted, the district may not deny him/her continued attendance because of overcrowded facilities at the relevant grade level.

(cf. 0410 - Nondiscrimination in District Programs and Activities)

Within 30 days of a request for an interdistrict permit, the Superintendent or designee shall notify the parents/guardians of a student who is denied interdistrict attendance regarding the process for appeal to the County Board of Education as specified in Education Code 46601. (Education Code 46601)

(cf. 5145.6 - Parental Notifications)

Pending a decision by the two districts or an appeal by the County Board, the Superintendent or designee may provisionally admit a student who resides in another district for a period not to exceed two school months. (Education Code 46603)

Students who are under consideration for expulsion or who have been expelled may not appeal interdistrict attendance denials or decisions while expulsion proceedings are pending or during the term of the expulsion. (Education Code 46601)

(cf. 5119 - Students Expelled from Other Districts)

(cf. 5144.1 - Suspension and Expulsion/Due Process)

Once a student is admitted to a school on the basis of an interdistrict attendance permit, he/she shall not be required to reapply for an interdistrict transfer and shall be allowed to continue to attend the school in which he/she is enrolled, unless reapplication standards are otherwise specified in the interdistrict attendance agreement. Existing interdistrict attendance permits shall not be rescinded for students entering grade 11 or 12 in the subsequent school year. (Education Code 46600)

### **Complaint Procedure**

- a. If, within 30 calendar days after the person having legal custody of a pupil has so requested, the governing board of either school district fails to approve interdistrict attendance in the current term, or, in the absence of an agreement between the districts, fails or refuses to enter into an agreement, the district denying the permit, or, in the absence of an agreement, the district of residence, shall advise the person requesting the permit of the right to appeal to the county board of education.
- b. If, within 14 calendar days after the commencement of instruction in a new term in each of the school districts, respectively, when the person having legal custody of a pupil has so requested separately of each district not later than 30 calendar days prior to the commencement of instruction in that term in that district, the governing board of either district fails to approve interdistrict attendance in that term, or, in the absence of an agreement between the districts to permit that attendance, fails or refuses to enter an agreement, the district denying the permit, or, in the absence of an agreement, the district of residence, shall advise the person requesting the permit of the right to appeal to the county board of education.
- c. Notifying districts shall also, in all instances, advise persons making unsuccessful requests for interdistrict attendance of the following:

The person having legal custody may appeal, within 30 calendar days of the failure or refusal to issue a permit, or to enter into an agreement allowing the attendance, to the county board of education

having jurisdiction over the district of residence of the parental or legal guardian or person having legal custody. Failure to appeal within the required time is good cause for denial an appeal. An appeal shall be accepted only upon verification by the county board's designee that appeals within the districts have been exhausted. If new evidence or grounds for the request are introduced, the county board may remand the matter for further consideration by the district or districts. In all other cases, the appeal shall be granted or denied on its merits.
