

Bluestar

Hello [Player] and welcome to Warriors Mafia!

“When I saw the Clan at Sunningrocks, the strong helping the weak...and I knew you and the others had gone to confront the pack...I knew my Clan was loyal. I knew StarClan had not turned their backs on us. I knew...I knew that I could not leave you to face the danger alone.” -Bluestar, A Dangerous Path

You are **Bluestar, the LionClan (Town) Alignment Cop**. Bluestar is the wise and passionate leader of ThunderClan when Firepaw first enters the forest. She would do anything for the betterment of her clan, even at great cost to herself.

As an Alignment Cop, each Night you may target one player to determine their alignment. You will receive one of the following results: Town, Not Town, or No Result. You may use the tag [sniff][[/sniff] to submit your Night action.

As a member of LionClan, you win when all threats to the Town are eliminated.

Good Luck! And may StarClan light your path.

Runningnose

Hello [Player] and welcome to Warriors Mafia!

"I can't see why they appointed him when he can't even cure his own cold!"-Graypaw, *Into The Wild*

You are **Runningnose, the LionClan (Town) Medicine Cat (Doctor)**. The sole medicine cat of ShadowClan since Yellowfang's banishment by their leader Brokenstar, while he can't cure everything, that won't stop him from being the healer ShadowClan needs.

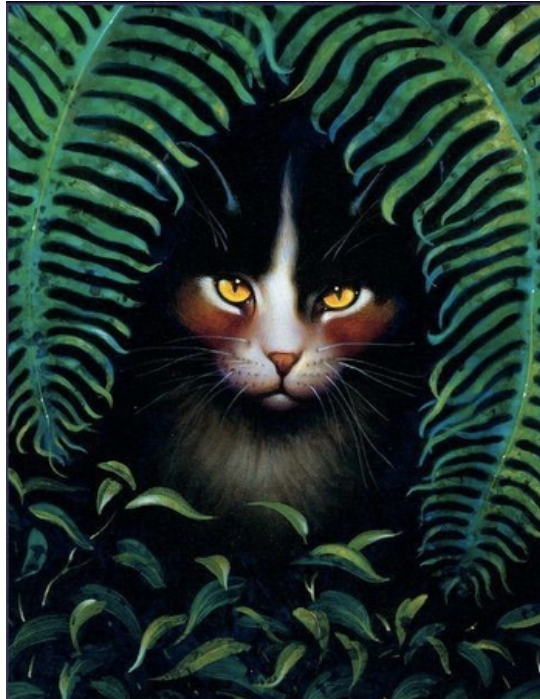

As a Doctor, each Night you may target one player to protect them from killing actions that night. You may use the tag [catmint][catmint] to submit your Night action.

As a Member of LionClan, you win when all threats to the Town have been eliminated.

Spottedleaf

Hello [Player] and welcome to Warriors Mafia!

“It was a message from StarClan. Fire alone can save our Clan”-Spottedleaf, *Into the Wild*

You are **Spottedleaf, the LionClan (Town) 1x Headstart Oracle/Restless Spirit**. She was the sole medicine cat of ThunderClan in her time. Although her time in the forest after Firepaw’s arrival was short, her spirit guided the young warrior to his destiny from within his dreams.

As a 1x Headstart Oracle, at Night once during the game you may ask a question to the GM about the game setup which the GM must answer truthfully. You may not ask about the alignment of any player. The question must be answerable with either yes, no, or a number. You may use your shot before the start of the game. You may use the tag `[firealone]``[/firealone]` to submit your question. As a Restless Spirit, if you die at any point during the game you may still vote through your role PM as if you were alive.

As a member of LionClan, you win when all threats to the town have been eliminated.

If you intend on using your Oracle shot before game start, please have your question submitted by 6:00pm Central Time Saturday (one hour before the game starts).

Good luck! And may StarClan light your path.

Cloudtail

Hello [player] and welcome to Warriors Mafia!

"It's only your belief in ancient traditions that make you believe you can't be leader without dragging all the way up to Highstones and back. As far as I'm concerned, you've already proved yourself to be the true leader of this Clan."- Cloudtail, *The Darkest Hour*

You are **Cloudtail, the LionClan (Town) Odd Night Tracker**. Cloudtail is Fireheart's nephew, brought to ThunderClan as a kit. While often outspoken and stubborn, especially about his lack of faith in StarClan and kittypet routes, no cat would question Cloudtail's dedication to his clan and kin.

As an Odd Night Tracker, on odd-numbered Nights you may target one player to determine who that player targeted with an ability that night. You will receive one of the following results: Your target visited [player], your target didn't visit anyone, No Result. You may use the tag [track]/[track] to submit your Night action.

Hello [player] and welcome to Warriors Mafia!

“No cat ever had such a friend as you. I’d give my life for you; you know that.”-Graystripe, *Forest of Secrets*

You are **Graystripe, the LionClan (Town) Jack of All Trades**. Graypaw was the first clan cat Firepaw met before joining ThunderClan, and their bond as clanmates and best friends has been strong ever since. While his loyalty to his Clan has often come into question due to his relationship with a RiverClan cat, his loyalty to his long-time friend is without doubt.

As a Jack of All Trades, at Night you may activate one of the following abilities once during the game:

"Join you? Join you? After everything you've done? I'd rather die!" -Bramblepaw, The Darkest Hour

You are **Bramblepaw, The LionClan (Town) Hated Miller**. The son of the traitorous Tigerstar, it seems no one in ThunderClan will let him forget he looks exactly like him! No matter what he has to endure, he is determined to prove himself to be nothing like his father.

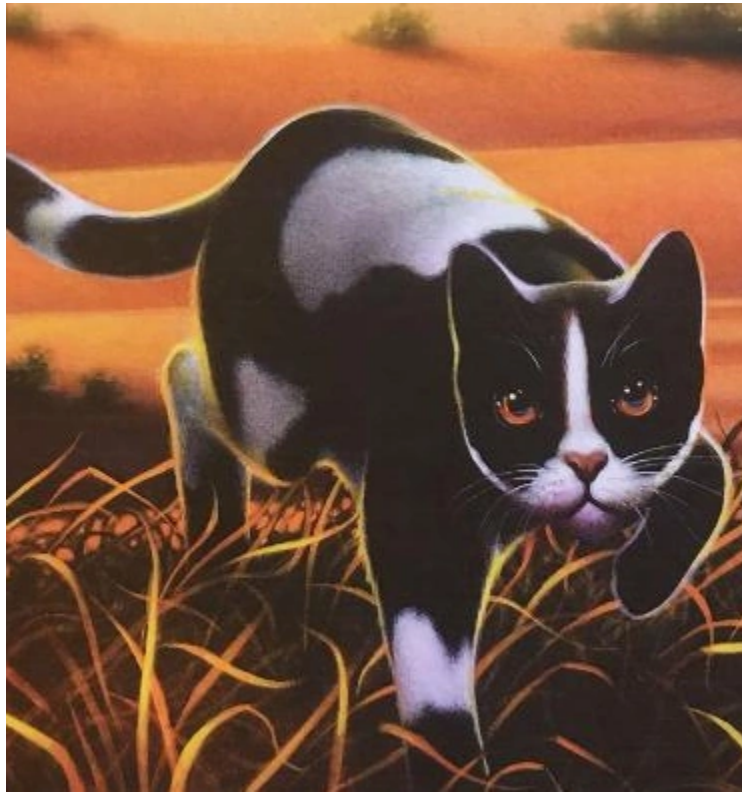

As a Hated Miller, while you have no active ability, you will always return a Not Town result to a Cop investigating you. Due to the Hated modifier, one fewer vote is required to eliminate you.

As a member of LionClan you win when all threats to the Town have been eliminated.

Good luck! And may StarClan light your path.

Tallstar

Hello [player] and welcome to Warriors Mafia!

You are **Tallstar, the LionClan (Town) 1x Self Reviver**. The noble leader of WindClan, his clan endured much before Firepaw's arrival in ThunderClan, and through the oddly familiar young warrior's determination his clan found its way back to the forest territories. Even through war and exile, there is nothing that can keep WindClan down forever.

As a 1x Self Reviver While you have no active abilities, if you die at any point during the game you will be revived the following Night/Day one time.

As a member of LionClan you win when all threats to the Town have been eliminated.

Good luck! And may StarClan light your path.

Stonefur

Hello [player] and welcome to Warriors Mafia!

“You’ll have to kill me first, Tigerstar!” - Stonefur, *The Darkest Hour*

You are **Stonefur, the LionClan (Town) Macho Bodyguard**. Deputy of RiverClan under Leopardstar, Stonefur had only just discovered his half-clan heritage when RiverClan merged into TigerClan. Regardless of his blood, or what his new TigerClan clanmates may have thought of him, Stonefur’s loyalties were always to RiverClan alone.

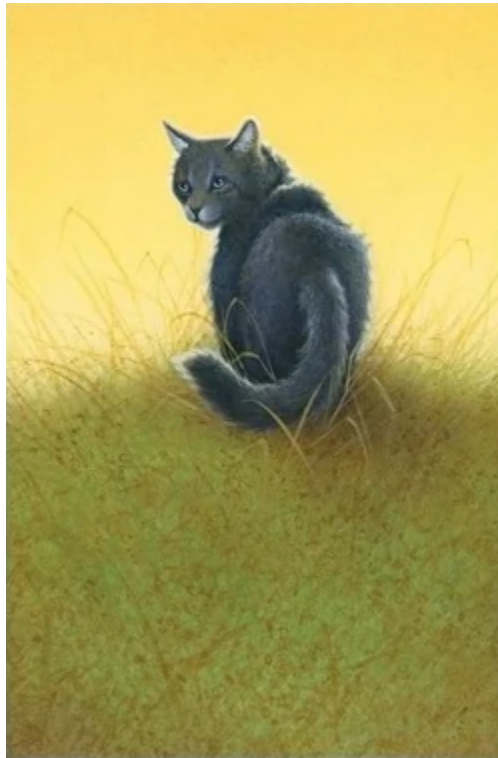

As a Bodyguard, each Night you may target one player to protect them from killing actions targeting them that night. However, if you succeed in protecting your target from a kill, you will die in their place. Due to the Macho modifier, you cannot be protected from killing actions. You may use the tag `[protect][protect]` to submit your Night action.

As a member of LionClan you win when all threats to the Town have been eliminated.

Good luck! And may StarClan light your path.

Cinderpaw

Hello [player] and welcome to Warriors Mafia!

"We cannot change our destiny. We just have to have the courage to know what it is, and accept it."-Cinderpelt, *Twilight*

You are **Cinderpaw, the Lionclan (Town) Medicine Cat Apprentice (Nurse)**. While she started her apprenticeship as a warrior apprentice, a horrible accident on the Thunderpath led her life down a different path. Though not her original plan, she grew into a skilled medicine cat of ThunderClan.

As a Nurse, while you currently have no active abilities, if a Doctor dies at any point during the game, you will become a Doctor in their place the following Night/Day.

As a Doctor, each Night you may target one player to protect them from any killing actions targeting them that Night. You may use the tag [catmint][catmint] to submit your Night action.

Upon the activation of your ability, your flavor will change to Cinderpelt.

Tigerstar

"I would have never shown such kittypet softness. I would have brought back the days of TigerClan. I would have made ThunderClan great!" - Tigerclaw, *Forest of Secrets*

You are **Tigerstar, the TigerClan (Mafia) Loved Godfather**. Ambitious and hungry for power, Tigerclaw's goal to become leader of ThunderClan at any cost left a trail of blood in his wake. After his failed attempt to kill his leader Bluestar, Tigerclaw, in exile, swore he would have his revenge on the whole of ThunderClan, a promise he intended to keep.

As a Godfather, while you have no active abilities, you will always return a Town result when investigated by a Cop. Due to the Loved modifier, one more vote is needed to eliminate you.

As a member of TigerClan, at Night you may choose to target one player to kill them. You may use the tag [kill][kill] to submit this Night action. You will be able to speak with your fellow mafia members at Night in the Mafia Chat. You win when all threats to the Mafia have been eliminated and at least one member of the Mafia is still alive.

You have also been given the following safe fakeclaim:

"Loyalty is what matters, and that exists now, not in the past. Loyalty has to be proved every day, in every piece of fresh-kill brought back for the Clan, every claw mark on our enemies, every patrol, every training session."-Firestar, Sunset

You are **Firestar**. From kittypet, warrior, deputy, and finally leader of ThunderClan, Firestar has proven his devotion not only to his own clan, but to every clan in the forest. His sense of what is right stretched beyond his own borders into every clan, assisting them or keeping the peace even against the orders of his leader. His exploits are remembered throughout all the clans long after his death.

Good luck! And may StarClan light your path.

Brokenstar

"I thought that losing two of my kits was punishment from StarClan for breaking the warrior code. But I was wrong. My punishment wasn't that two of my kits died. It was that this one survived!" - Yellowfang, *Fire and Ice*

You are **Brokenstar, the TigerClan (Mafia) Jailkeeper**. ShadowClan was under Brokenstar's bloody rule when Firepaw first joined ThunderClan. He led his clan into battle after battle against WindClan for a crime they never committed, eventually driving them from the forest altogether! Not even his clan's own kits were spared from his thirst for blood, forced into apprenticeship then battle way too young.

As a Jailkeeper, at Night you may target one player and prevent them from performing any actions they may have that night. Your target is also protected from killing actions the same night.

As a member of TigerClan, at Night you or another member of the Mafia may instead choose to target one player to kill them. You are **Yellowfang**. Former medicine cat of ShadowClan and, secretly, the mother of Brokenstar, she was forced into exile by her own son for the murder of kits, a crime Brokenstar himself committed! Yellowfang, taken in and cared for by ThunderClan, showed her appreciation to her new clan by rescuing ThunderClan kits kidnapped by ShadowClan. She served as ThunderClan's medicine cat for the remainder of her time in the forest.

Good luck! And may StarClan light your path.

Hello [player] and welcome to Warriors Mafia!

"Oh, and Mistyfoot? Never trust the shadows. My warriors wear the night like second pelts. If you wrong ShadowClan, you will never be safe in the dark." - Blackstar, Battles of the Clans

As a member of TigerClan, at Night you or another member of the Mafia may instead choose to target one player to kill them. You have also been given the following safe fakeclaim:

"I am no medicine cat; I cannot read the stars like Yellowfang or Cinderpelt, but I have always been willing to trust our warrior ancestors, wherever they might lead our Clan."-Whitestorm, *Rising Storm*

You are **Whitestorm**. A level-headed, wise, and respected senior warrior of ThunderClan, Whitestorm is trusted by both his leader and his clanmates to provide helpful insight on clan matters. It is for these seasons of experience and wisdom that Firestar chooses him as his first deputy.

Good luck! And may StarClan light your path.

Scourge

Hello [player] and welcome to Warriors Mafia!

"Oh yes. Blood is everything. But the only blood I'm interested in flows from my enemies. Look around you! These cats are bathed in blood. It soaks their fur and laps at their paws. This is why we survive! We are BLOODCLAN!"- Scourge, The Rise of Scourge

You are **Scourge, the BloodClan 1x Strongman 1x Bulletproof Serial Killer**. Though small, no cat should underestimate Scourge's strength. As the founder and leader of BloodClan, Scourge looked to expand his reach from beyond the Twolegplace into the forest territories, stopped only by the combined strength of all four clans.

As a Serial Killer, at Night you may target one player to kill them. You may use the tag [kill][kill] for your night action.

With 1x Bulletproof, once during the game if you are the target of a killing action, you will not die.

With 1x Strongman, once during the game you may choose for your factional kill to bypass any protection your target may have. You may use the tag [slash][slash] for this night action.

You win when you would be the last player left in the game.

You have also been given the following safe fakeclaim:

"I wouldn't change a thing. If anything had been different, I might not have had my life with Barley. I have been happier than I could ever have imagined a cat could be."- Ravenpaw, *Ravenpaw's Farewell*

You are **Ravenpaw**. Born into ThunderClan, Ravenpaw witnessed the murder of the ThunderClan deputy by his mentor Tigerclaw. For his own safety Ravenpaw fled to the Twoleg barn beyond Clan territory and started a new life with his companion Barley. While his time in the clans was over, he never stopped being a warrior in his heart.

Good luck! And may StarClan light your path.
