SUMMARY

Recent Computer Science graduate with hands-on experience building web applications through internships and academic projects. Solid foundation in JavaScript, Python, and relational databases, with a strong interest in front-end development. Fast learner who enjoys solving problems in collaborative, agile teams.

EDUCATION

Bachelor of Computer Science (Hons) Sep 2021 - Jul 2025

Universiti Teknologi Malaysia (UTM)

- Graduated with CGPA 3.65/4.0.
- Final year project: built a web-based attendance system using React and Firebase, presented to faculty panel.

EXPERIENCE

Software Engineering Intern | Nexbyte Solutions, Kuala Lumpur Mar 2025 - Jun 2025

- Developed and maintained internal dashboard features using React and Node.js under senior engineer guidance.
- Fixed 25+ bugs and contributed 3 new features to the company's client-facing reporting tool.
- Participated in daily stand-ups and sprint planning as part of a 6-person agile team.

Teaching Assistant (Part-Time) | UTM Faculty of Computing Jan 2024 - Dec 2024

- Assisted lecturers in conducting lab sessions for an Introduction to Programming course of 40 students.
- Held weekly office hours to help students debug assignments in Python and Java.

PROJECTS

Personal Finance Tracker (Personal Project) 2024

- Built a full-stack budgeting app using React, Express, and MongoDB with monthly spend visualizations.
- Deployed the app on Vercel with CI/CD via GitHub Actions.

ADDITIONAL INFORMATION

- Technical Skills:** JavaScript, TypeScript, React, Python, SQL, Git, REST APIs
- Languages:** English, Malay
- Certifications:** freeCodeCamp Responsive Web Design Certification
- Activities:** Member, UTM Coding Club; Hackathon finalist, MyHack 2024
