at 972 Main Street or given to a Village employee.

Thus going forward with this utility bill, all bills not paid in full by May 20, 2024 will be disconnected
from service on May 23, 2024 without exception and without further notice including a $25.00 to $50.00 re-connection fee. (**This constitutes your formal written notice for disconnection on May 23, 2024).**

State law and Portage County and Village ordinances **require all dogs to be licensed,** and that rabies vaccinations be current. The owner of any dog more than 5 months of age on January 1-- or within the license year – must obtain a license for that dog. There is a mandatory late fee if you failed to obtain a license by April 1 or after 30 days of ownership of a new, unlicensed dog. **The citation for owners of unlicensed dogs costs between $169.00 and $263.50.** Contact Nancy Steuck, Village Treasurer, 715-457-2610, for more information. The cost of a license is currently $22.00 for an intact dog and $12.00 for a neutered/spayed dog.

gets strewn onto the street and/or into your neighbor's yard. Please, please, please to not flush wipes (even though they may say “flushable”) down the toilet. Place in trash instead. These wipes cause problems at the wastewater treatment plant plugging the pumps creating extra expense to you the utility customer.

Portage County Emergency Management is updating the county's hazard mitigation plan. It's an update that's required under federal law and regular updates are necessary for the county and village to remain eligible for various grant programs funded by the Federal Emergency Management Agency (FEMA). The mitigation plans include details on how county and village officials could respond to tornadoes, floods, pandemics, mass casualty events and other catastrophes.

We are reaching out to Village residents and stakeholders to be involved in the planning process to offer your input and observations. Please contact village officials with your ideas.
