

Re: Remote Work On Social Media

The simple jobs that you are going to be doing are:

- posting and replying to comments on Facebook.
- uploading videos to YouTube.
- sending out messages and special promotions on twitter.
- helping businesses to get more likes, fans and followers.

This is for serious people only. We provide all the training for you to be able to complete these jobs. Hence, we charge a fully **refundable** one-time fee of \$17...

...If you don't get any jobs within the first 60 days, you can request a full refund of your \$17.

Why is there a cost?

Because we don't take a percentage of your earnings with our social media partners, we have to charge a very small fee to cover costs associated with our web hosting and customer service team. However, we have worked out a deal with our social media partners to offer a **free \$50** once you have completed your first paid social media job which pays you back your start-up cost and more.
