

Welcome, Light Leader 😊

You've arrived at the doors of your next level
Academy of Light™ is your gateway through.

Take a moment to get cozy in your sacred space and lean in.
I have lots to share with you before your enrollment call.

In the following pages, I'll be diving deeper into what Academy of Light™ is and how it can support you in the expansion of your light-fueled business.

It's important that you give this your full presence.
When we are grounded and embodied, we can hear the whispers of our soul.

The Academy of Light™ is a multidimensional program.
That meets you on a soul and strategy level.
We dance between the two worlds of

Masculine + Feminine.
3D + 5D
Shadow + Light

And find harmony between them.

Rather than being this or that.
We believe you get to be this *and* that.

Which results in you creating a business
That fuels your soul.
Lights up the world.
And elevates your income
Without drawing from your energy, but rather replenishing it.

You can't burn out.
When the bigness of your vision
Is anchored with embodied action steps
That redefine how business is built
And defy logic.

For time now, the 'next level' has been calling your name
And you've been waiting in the wings

But the waiting is now over.

The Academy of Light™

*Creating a NEW type of leader in the world
Who leads with their heart
Awakens the masses through their voice
And elevates their income on their own terms.*

Inside you'll learn:

- The Feminine Cycle of Success
 - How to create true, sustainable wealth so when you need time 'off' - your business doesn't crash + burn
- Uncover your Soul Codes
 - As multidimensional humans, we have loads of gifts to share. But what are THE ones your soulmate clients want now, today?! Together we'll uncover this + you'll understand how to share them in a way that your community is a full body YES for working together.
- Unlock Your Expression
 - What you do is literally *magic* so how do you express that in a way that a) doesn't lose your clients or b) doesn't leave them feeling more confused than before? Inside you'll learn how to '3D-ify' your message and switch from being misunderstood to magnetic.
- Create the Vision
 - As a Light Leader, your body is a conduit for the divine. Inside we'll walk you through the pathway of sharing your teachings in a way that leaves your clients forever transformed (and wanting more). This isn't about putting YOU into another box (ie: group program, mastermind, etc). But rather understanding how YOUR work is best translated to create the most transformation.
- Money + Magnetism
 - Rather than trying to force your energy to 'hit' a number, you'll learn the feminine art of magnetism. How to truly sit in the frequency of abundance so you can attract

the right people into your programs + the required actions steps to make . it . happen .

- Served + SOUL'd
 - Every course every program has a living breathing energy to it. Understand how each creation wants to be shared with the world + uncover the action steps to bring it to life.

**These teachings are beyond what can be captured via text... this is just a hint of what to expect :)*

Each Module (6 of them!) have their own unique 'Prism Practice™' which is a set of body based tools to awaken your energy and also move the needle in your business through proven implementation steps.

Sisterhood is the foundation for all of our programs... especially Academy of Light™ because when women come together, magic happens.

And also – we all need to be held... to be reminded of our power + what's possible.

With the fusion of multiple 'energy types' - we have the unique opportunity to swap codes, heart storm million dollar ideas, and make the trek forward into expansion not so scary when you're linking arm + arm with other powerful women.

As such, we have an online community space for you to interact, connect + partner with other like-minded women. And to also receive support from myself + my team weekly Monday-Friday.

While all of our programs are unique + powerful...

What 'makes' Academy of Light™ truly special is

We work with women who are ready for IT.

For expansion beyond their wildest dreams.

So if you want to be immersed in the energy of women who speak your language, who walk a similar walk, and who are creating unshakeable faith in themselves...

Get in the room.
