

:D hello flesh bags! Super self indulgent, EXTREME self indulgence! And a little outlandish but ultimately fun for me, and hopefully for you as well!

As always, do whatever you'd like with my script! You may take the idea and perfect it for one of your own scripts or use my script and change things if you want, you could change pretty much anything as much as you want and I really wouldn't mind! Oh and of course 100% make sum money off of this if you want, we're all just tryna survive this decade

Oh aaand, :O unfortunately I was too lazy to add a lot of tone tags! I figured if anyone wants wants to fill it they may do it to their own tastes, I wouldn't mind at all :D

----- Script belooowow! :D ---

(Sing-songy)

C'mere, you can't stay in there forever...

Oh I get it

You're frustrated that you woke up here again, right?

I don't understand why.

I mean, you get to leave on weekdays for your education's sake... since you've worked so hard for it.

...but by the end of the day I come to fetch you, I always will.

and with it being summer season and all,

I'll be keeping you 24/7 for the next few months

Chuckle I love summer

No no no, I see you, don't you dare try to hatch an escape plan now.

You already know of my powers, how do you plan to beat those?

I really don't get why you try so hard to prevent the inevitable,

but your perseverance *is* something I love about you

Just, please be grateful that I let you leave me so regularly

Anyways, are you feeling peckish at all?

It's dinnertime

Oh and I can't believe you'd think to hide in the cabinet. *Tut tut Tut*

Pause

I know, I know

...it's our anniversary, isn't it?

A year now... I have something to tell you about today... I made you something nice.

A sweet gift, you'll be thrilled

But, aaah what should I make you for dinner today?

Not gonna respond? And you don't like any of the food I give you... *sigh*

ah, oh well

I did tell you that we'd spend some time outside someday.

Although I do prefer keeping you inside when I get the chance to....

Do you want to go on a grocery store run?

Nuh uh?

Oh alright, then... How about the mall?

We could buy food there,

(! :D please smile when you say this line, a smile can be heard in ze voice, thrust)
alongside anything else you'd like

Oui? Fantastic.

Hehe, alright I'll stop impersonating the French

Let's get going now.

----- time skippy, in mall noow! Maybe add mall noises that fade out? :O no idea -----

Ok, now that we're here, where would you like to go first?

....

No answer? Alright, how about that new sushi place?

....

You don't seem particularly interested in our anniversary shopping.

What're you staring at

...Hm,

the mall cops?

Do you think they'll get rid of me for you?

Pause

...I thought as much.

Alright then, try it.

Tell them to get rid of me.

You'll find that there's not a single soul in here to help with that...

Pause

(Smug, pretend surprise)

Oh? They're not responding?

Go on.

Tell them you hate me, how badly you want to leave.

Tell *everyone*.. oh but wait, there isn't anyone, is there?

Pause

Starting to realize it now, aren't you? ...

I wouldn't expect any less from you.

Mhm, that's right

They're not listening because I don't want them to.

Nobody here was made to help you.

Pause

...What have I done?

(Playful)

Hmm...What haven't I done?

(Cheerful)

I absolutely... haven't...

made a world for you to live in...

....

(Low, quiet, passionate)

So that when you leave... it's just another way of coming back to me

Isn't that sweet?

Pause

(Surprise)

...No?

Pause

(Dismay)

No...

...Why aren't you thrilled?

(Slight desperation)

I'm everything, I'm *your* everything.

And you're *my* everything,

you're my sun, you're like summer. My summer.

(Sincere)

I love you so much...

I pretend to be... so many people, so many things...

Your friends, the sweet old lady down the road... a random stranger thousands of miles away,

I'm the one who listens to your prayers at night

and that little spider you wouldn't kill this morning...

My little magpie, don't you like this enclosure better than the other option?

Was it wrong of me?

If I were lazy, you'd be sitting in my basement.

I could've been happy with that... but I love you.

And I wanted you to *feel* it, too

....Don't you feel the same?

You like your friends,

Then, you must like me too...

Don't you remember the stranger that saw you putting back the groceries you couldn't afford?

And your gratitude when I brought them to you?

...

Or, that time you cried, and your friend slept over that night to make sure you were okay?

And the morning after,

where you went on a sunny picnic despite the rainy weather predictions?

Or maybe you recall how slow that butterfly you wanted to catch was?

Yes, all of that was me

...

No. It isn't fake.

It's love, and nothing is as sincere

Your God is dead

Pause

(Comforting)

but I am here

You don't need to feel scared...

I can be bent to please your every whim...

Anytime. In *any* way you want

So please...

Tell me, what is it that you need to love me?

If you ask nicely enough, you could have anything

Pause

Other...people?

You want to leave this place?

... *Sigh*

No.

No one's left.

.... it's been that way for quite a while now.

Pause

Yes,

I..

Well,

... *everything*...

Except for you, is me now

I'm sorry.

But it's for the best.

It's for you

(Low, quiet! :D with any reverence you can muster!! >:D)

And I'd do just about *anything* if it were for you...
