

FOSSweb on ThinkLink: Suggested Resources

Updated 8/11/2021

1. Getting Started

[FOSS on ThinkLink Tour](#)

[Getting Started with FOSS on ThinkLink - Rostered Schools](#)

[Where Do I Find... ? for Teachers](#)

[Where Do I Find... ? for Students](#)

2. Setting Up Your Classes

NOTE: Rostered schools do not need to set up classes; contact your district tech administrator if your classes or students need to be modified.

[Adding a New Class in ThinkLink - Non-Rostered Schools](#)

3. Setting Up Your Courses to Appear on your Dashboard

NOTE: You must have classes set up before you can complete this step.

[Adding a Module to a Class \(article\)](#)

4. Student View

[How to see the Student View from your teacher account \(video\)](#)

(5. Advanced) Content Assignment

NOTE: Almost all content is automatically assigned to students, so this is for advanced users only.

[Why assign content + Student View \(video\)](#)

[How to assign content \(video\)](#)

[Manage Assignments \(article\)](#)

FYI: A new, simplified way to assign content is coming to ThinkLink by the end of 2021!
