A Jesse Tree is a tradition that helps us remember during Advent to prepare for Jesus' birth at Christmas. We tell stories of how God has cared for God's people since the very beginning. If you have the [Just Love Story Bible](#), you can use this guide to tell stories each day. If you want to make your own Jesse Tree, simply find a branch or small tree or even a picture of a tree. Then, on each day, draw and color the symbol listed to be an ornament on your tree. When you see the symbol, you can remember the story about God's love!
