Clio's experience

I'm going to try my best to explain some of these screenshots and experiences with them.

I met them in 2019 when I was 11-12 and they were around 14. They weren't really too bad at first but then they just got really weird. About three and a half years later when I was 15 we had a falling out that resulted in me blocking them for about half a year.

When we started communicating again they got really freaky about a few characters and generally really sexual. It was weird, but I tolerated it for a while.

Scroll down please!

All spoiled images are sexual in nature.

Screenshots, they aren't in any specific order, CW for the following, them being really sexual and just genuinely gross, second to last screenshot is them being weird about the VA for sebastian solace and gabriel [ultrakill].:

Vinny's experience

Vinny's 6 years.

[TW: NSFW, Suicide, and self-harm mention.]

I first met Maxwell in 2018 when I was 10 - 11 years old, and Maxwell was a year older. During this time they went by "Melody" in the Fandroid fandom. Also, a detail to point out that will be important later, is that this was before both Maxwell and I came out as trans. Eventually, the closer they and I grew, we eventually started dating.

We would call almost everyday and text each other non-stop, but things would eventually take a turn for the worst when their true colors begin to come out. Usually it's very normal to come to your partner for support when you're upset, however, this would become a very common occurrence, and eventually it led to them trying to guilt-trip me via suicide threats. Some of these include images of s/h attempts.

There have been times where I would be talking to someone else in a voice chat, and Maxwell would get jealous and join crying, trauma dumping. And/or, whenever something would happen over a group/server VC that Maxwell was never even involved in, they would try to bring attention to themselves by blaming it on themselves anyway.

Another thing, them and I through this whole relationship, would do NSFW roleplays and art, almost just as much as we voice-chated. But it never escalated to full on nude-sending.

Also, during 2019, I had another alias in this fandom I went by, probably because I was trying to figure myself out, LavenderLD, which this alter ego that I had created went exactly by the name "Maxwell". Which, believe it or not, Maxwell (the one we're speaking about in the doc) took that name Eventually.

Under the Maxwell alias, I was in a voice chat with them, as always, and then I started singing despacito jokingly, resulting in them freaking out, telling me to delete my account before they blocked me, and then, us both guilt-tripping each other continuously. I realized somewhere into the argument that they were rubbing off on me, and I decided then and there to end things. But we stayed friends.

In 2020, I came out as trans under the name "Vinny", and when I did, I told them. They proceeded to freak out again, and have a breakdown over it, which felt like a smack to the face. But they eventually calmed down and accepted me, and came out as trans, referring to themselves as "Oliver" originally. But even if it was out of some sort of frustration because they thought they couldn't transition themselves, it never really made sense to me and it still bothers me.

As 2021 came I began speaking to them less and less, starting to distance myself from them while I gained much more interest in Pink Corruption, however Maxwell would attempt to get back with me romantically, and in some cases tried to claim that we were still dating, and that I was cheating on them. When I had a public discord server they would constantly cause drama with people in it, get kicked, I let them rejoin, repeat. And then it led to

them claiming that I was cheating on my boyfriend at the time, that either he was grooming me, or I was grooming him, and that I was a simp for my former best friend.

We had more and more fights, they made more suicide threats, and eventually they got mad at someone else in a group chat I barely even spoke in, and then began unleashing their anger on me by calling me anything they could think of, which led to me blocking them for the first time ever. I eventually was guilted into unblocking them, and apologized. And for the next 3 years would continuously block, unblock, friend, unfriend them over and over again until 2024.

In 2024, them and I only really spoke whenever we were in VRChat, in which I didn't respond to any of their messages in discord most of the time because at this point I stopped caring about them for the most part, and had lost all of my sympathy I had before. They would proceed to cause problems for any of my friends they spoke to, and I would have to confront them, repeat.

The final straw was one night I was in VR with my current best friend (who I shall keep anonymous), and Maxwell was hitting on InvEn0t and I constantly, despite saying no multiple times, and they made my best friend so uncomfortable that we had to silently move instances to one without Maxwell. Maxwell proceeded to spam them, Inv, and I for invites with guilt-trippy messages. This finally caused me to block them on VRChat and other platforms for good, however even though I have finally permanently cut Maxwell off, they keep trying to crawl back into my life through friends and causing them issues. I will never stop hearing about Maxwell whether I want to or not. Which because Maxwell will not leave my friends alone, is why this doc exists.

Matt's experience

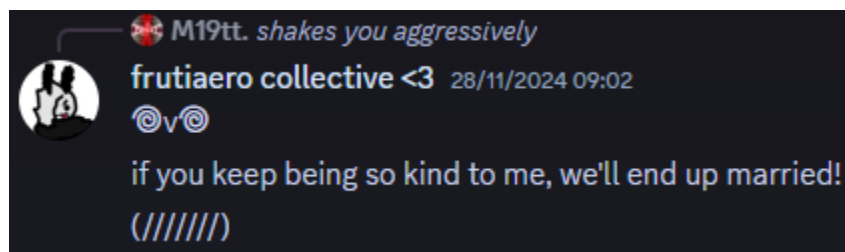

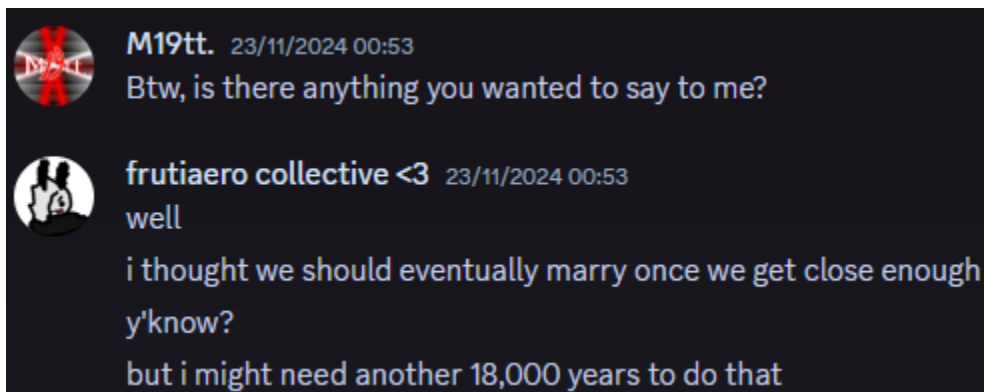

M19tt.'s experience

I have met Maxwell for only **27 DAYS** (2024-11-09 - 2024-12-06) and they have still managed to manipulate someone for their own selfish gain.

1. Obsessive and emotionally unstable.

I met them in a Roblox roleplaying game. I thought they were normal person, who were having difficulty in life, but instead, after 2 weeks of knowing each other, **they started acting abnormally.**

Right off the bat, they said that they wanted to get married.

frutiaero collective <3 23/11/2024 00:54

seriously though

once we know each other for long enough
can we marry?

M19tt. 23/11/2024 00:55

are you in a serious manner or a joking?-

frutiaero collective <3 23/11/2024 00:55

i'm serious

it's fine if not!

M19tt. 23/11/2024 00:56

Well I wanted to ask, why?

frutiaero collective <3 23/11/2024 00:56

idk

i've always wanted to share my life with someone who is strong and kind
and genuinely understands me

M19tt. 23/11/2024 00:57

But marrying is like, a very serious thing-

frutiaero collective <3 23/11/2024 00:57

yeah

that's why i'd rather marry you

frutiaero collective <3 24/11/2024 01:44

^^

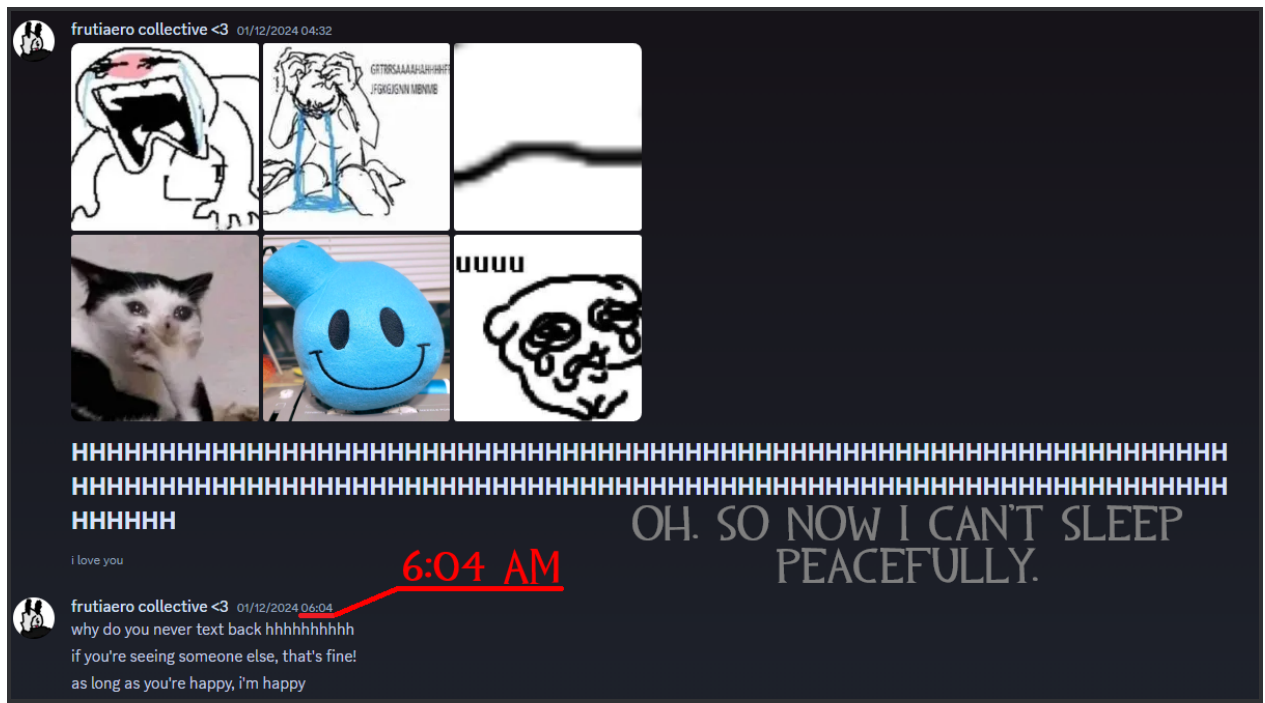

frutiaero collective <3 24/11/2024 04:42

マツト! マツト!

もうこの気持ちを隠し続けることはできません! あなたが準備ができたなら、私のすべてをあなたに見せたいです!

I can't keep hiding my feelings anymore! When you're ready, I'd love to show you everything about me!"

sorry...
I can't stop thinking about you..."

Pro tip: don't have friends that are WAY too obsessed.

Trigger warning: Mentioning a pedophile.

Do you think that comparing your friend to a pedophile is normal? If so, *you need some help.*

Not only is this weird, but it is **VERY DISRESPECTFUL.**

frutiaero collective <3 06/12/2024 09:17

i guess we're still a thing

M19tt. 06/12/2024 09:17

Thing is, I'm **literally the opposite of him**

For example, when I ask you for something, I also ASK if you are completely okay with it

I have never said anything nsfw rp or anything sexual towards you

and, you saying that I act like him, **really** ticked me off, which is why we stopped talking for a while

Calling one of your friends someone else who acts like a massive weirdo is just extremely rude and unforgiving (edited)

frutiaero collective <3 06/12/2024 20:01

you may say that, but you still have some traits

M19tt. 06/12/2024 21:07

That is really, INSULTING.

You arrogant asshole.. (edited)

frutiaero collective <3 06/12/2024 21:29

i don't get why you think you are in a way, good, but i have a feeling you'd never understand what you are capable of

And that's it, this is the proof to show that
Maxwell is an **unstable, childish,**
manipulating, arrogant ASSHOLE.

closing thoughts.

I doubt they'll listen to us but this is to just call out their behavior, i know they have some mental stuff going on within that cranium of theirs but the way they've treated people is horrendous and the way obsess, sexualize, manipulate, and compare is genuinely sickening and i genuinely hope they realize what they've done and improve upon themselves, I also hope they learn and get the help they need.
