

Adding Additional Students to my Existing Canvas Parent Account

Versión en español Página 4

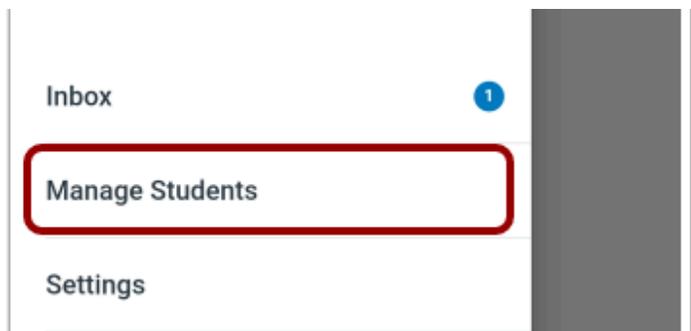

(Spanish version of page 4)

I already have a student(s) added to my Canvas Parent Observer App.
How do I add additional students to my Canvas Parent Observer App?

Tap the **Menu** icon

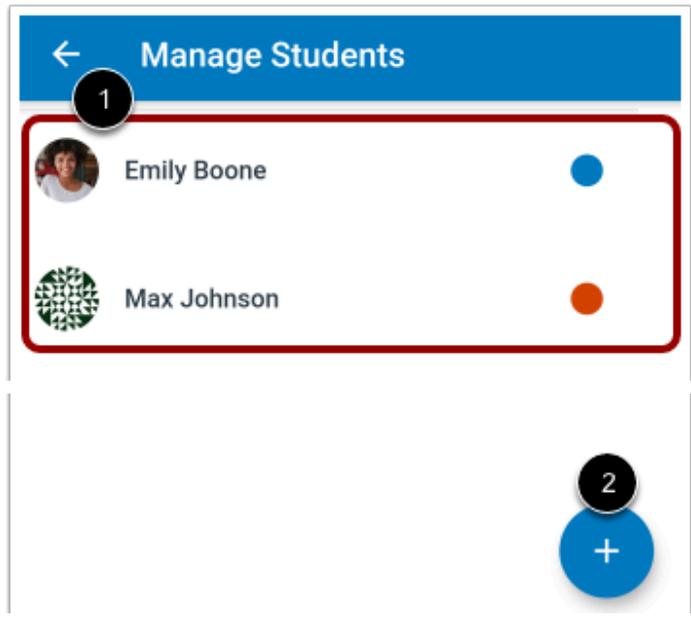

Tap the **Manage Students** link

Add Student:

The Manage Students page displays a list of students currently linked to your account [1].

To link a student to your account, tap the **Blue +** icon [2].

Select a Pairing Option:

You can select Pairing Code [1] or QR Code [2].

Add student with...

-  **1 Pairing Code**
Students can obtain a pairing code through the Canvas website
-  **2 QR Code**
Students can create a QR code using the Canvas Student app on their mobile device

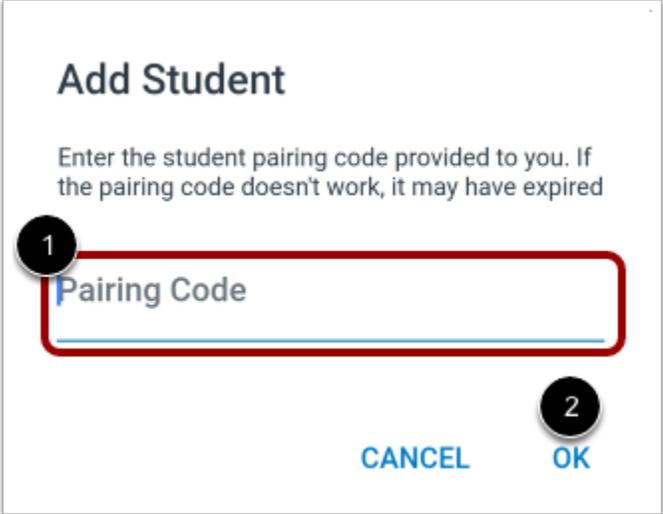

Option 1: Enter Pairing Code

Enter the student pairing code into the Pairing Code field [1]. Then tap the OK button [2].

Where does my student find their pairing code, again? While in their Canvas account, students find *their* Pairing Code by clicking: **Account** (profile picture)->**Settings**->**Pair with Observer**
A code is generated and expires after 7 days.

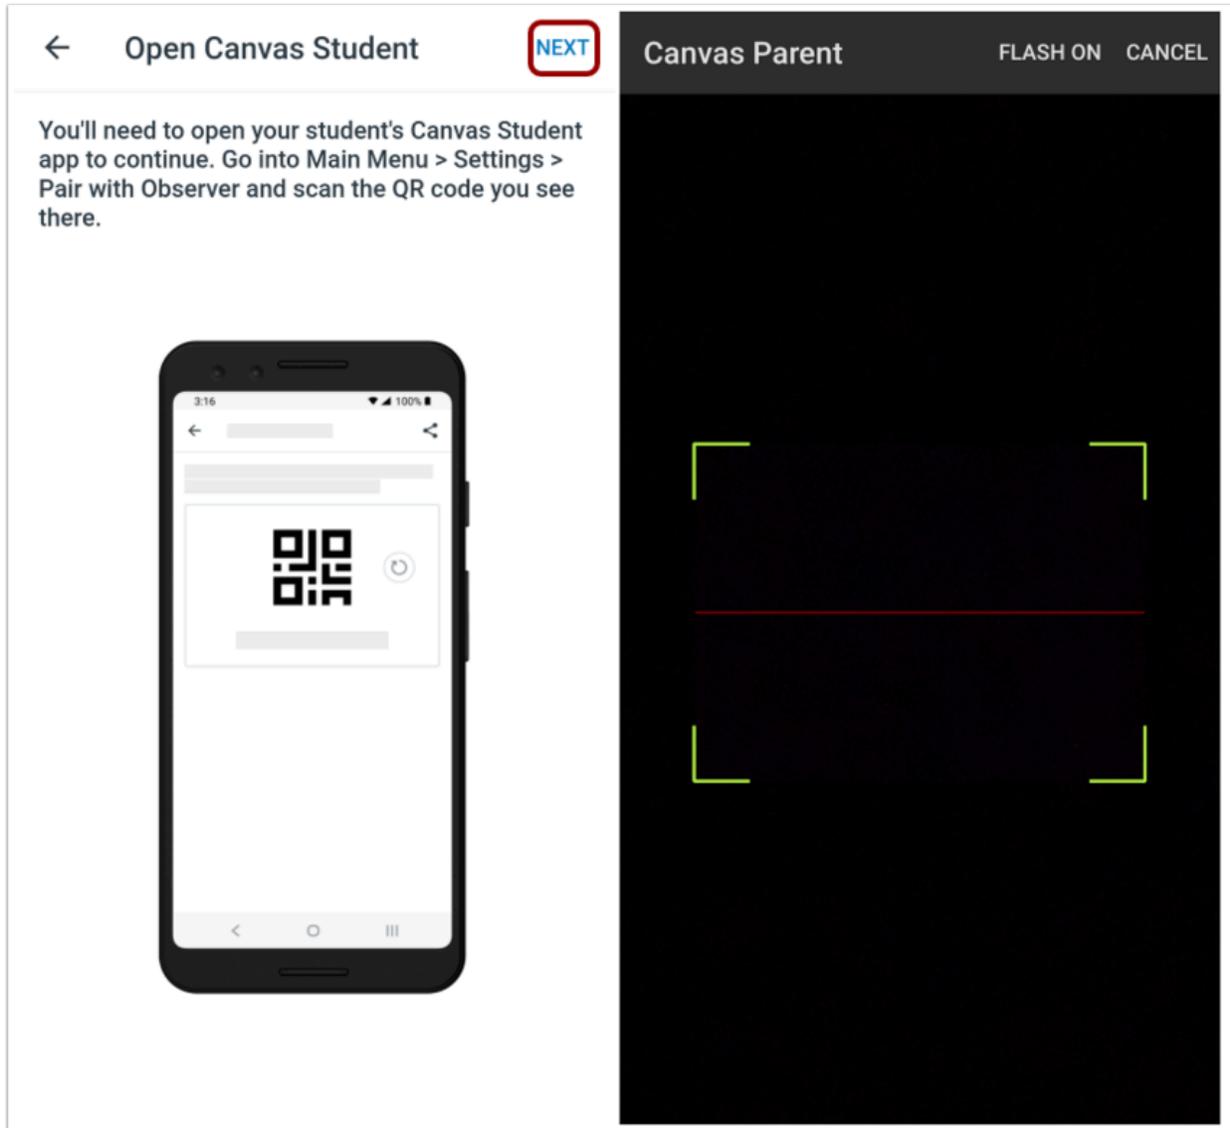

Add Student

Enter the student pairing code provided to you. If the pairing code doesn't work, it may have expired

The screenshot shows a mobile interface for adding a student. At the top, it says "Add Student". Below that is a text prompt: "Enter the student pairing code provided to you. If the pairing code doesn't work, it may have expired". There is a text input field labeled "Pairing Code" with a red border and a blue underline. A red circle with the number "1" is next to the input field. At the bottom right, there are two buttons: "CANCEL" and "OK". A red circle with the number "2" is next to the "OK" button.

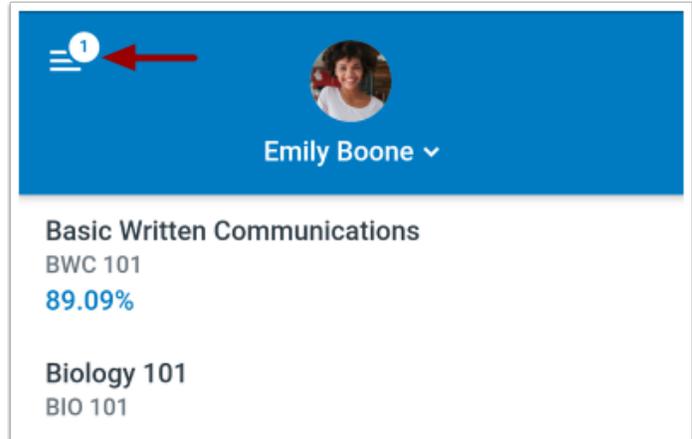

Option 2: Scan QR Code

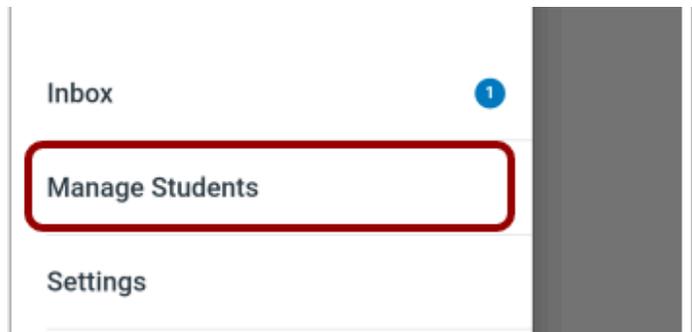

Tap the **Next** link. Scan the pairing QR code generated by your student in the Canvas Student app.
