### Periods and Blocks

Each day will have Periods 1 through 6.

Courses will be assigned to Blocks A through G.

The Blocks will rotate through the Periods.

The 7th Block of each day will be skipped.

The skipped Block will be the first Block to meet the next day.

The Blocks will always meet in the same order.

### Blue and Gold

Each day will be designated a Blue or Gold Day. Alternate-day classes such as PE, Chorus, ASC, AP Labs and some Arts courses will meet on either Blue or Gold Days. Every-day classes will meet on both Blue and Gold Days.

Note: Classes that don't meet alternate days classes (i.e., all classes that meet on BOTH Blue and Gold days), will have a 7-day cycle only (instead of a 14-day cycle). Days 1-7 will be the same as Days 8-14.

## Lunches

In an effort to balance lunchroom use as evenly as possible across all three lunches, lunch groupings will be established. The lunch groups rotate approximately every 60 school days.
