

Welcome to the observation lounge, pick a color, sit back and enjoy the madness....

The Toad-GM

ImpCap- Watching from a distance

WigTii - Hello everyone!

Ghost - Hey, my actions matched my flavor this time!

Cninja - Turds

Caldias - dead guy

Pod- Green, Before ebon tries to smoke it all.

Onidsen

Viso -Droid gone wrong

The Players:

Caldias- Town Aligned Alliance Intelligence Officer, Watcher/Tracker

Onidsen- Town Aligned AOI, Scanner/ 1x Recruiter

The AOIs have night chat and have to eliminate the SK and keep one Defector alive to win

Madaghmire- Town Aligned Defector, Becomes a Doctor if recruited

EbonHawk- Town Aligned Defector, Becomes a Watcher if Recruited

GhostofNobodyinParticular- Town Aligned Defector, Becomes a Double voter if recruited

Ovinomanc3r- Town Aligned Refugee, Vanilla Town

PodRacer- Town Aligned Refugee, Vanilla Town

CaribbeanNinja- Town Aligned Refugee, Vanilla Town

BrobaFett- Town Aligned Refugee, Vanilla Town

All refugees become bodyguards if recruited. The defectors and refugees need to survive to win, unless they become recruited at which point they switch to the AOIs win con

Visovics- Self Aligned Serial Killer, Can disguise as another player before making kill

The SK wins if he eliminates all the defectors, he gets bonus points if he's the last man standing, he auto wins in a 1v1

This is one nutty setup. I like the disguised SK + Watcher combo! Sorry for not waiting a bit longer to start btw

Yea it's definitely not orthodox! I really wanted to see if I could make a super SK scenario. I didn't think that a scum team fit the Flavour... I just hope that I gave Town team just enough to make it work.

Here's a link to the setup doc, I'm a bit of a scatter brain so forgive the disorganization, but all of the role flavors and special interactions can be found here:

[https://docs.google.com/document/d/1vbA\\_eZGiiQNEYcZltU2rl-4nSC9Jnnwsz0425zY56dQ](https://docs.google.com/document/d/1vbA_eZGiiQNEYcZltU2rl-4nSC9Jnnwsz0425zY56dQ)

Toad: Nice set up. Visovics ability to disguise himself should make it interesting. Thanks! Im calling it the chameleonSK it was the inspiration for the scenario

The game has just started and it looks like Pod may have stepped in it already, Lol. I'm eager to see if he can get himself out of it. I see what he's trying to do, I think he's trying to draw the scums attention since he's Vanilla and expendable... he might of went too hard though...

Wow...day 1 is over and what a day it was. I feel for Ghost. I think he was correct in criticizing the reasons for the votes on Pod, but unfortunately it only made him look suspicious. I've come to learn that to succeed in this game you have to talk and say nothing simultaneously. Lol. I wonder who Vis will choose to kill N1. so true, D1 is so hard

Toad: If the town lynches a defector does that count towards Vis's win condition or does he have to kill them all himself? The SK does not have to make each of the kills,,, Vis is 1/3 of the way there.

And wow what a D1... that was a nail biter for sure!

Man. . .nice write-up Toad! Only after I read it did I realize that my ardent attempts to defend Pod fitted with my flavor. :) I really do feel like that lawyer who shot himself though. . .

Hi Ghost! You made a good case. It's unfortunate that you were not believed.

Vis asked if he could disguise as a dead player, he wanted to disguise as GNips! I told him no, because he needs to visit his target at night to disguise. Imagine how nuts that'd be though...

:D Man, that would have been hilarious.  
'What's wrong scout? You look like you've seen a ghost!'  
'I have sir. Sir, remember how we just lynched Ghost?'  
'Yeah?'  
'Well I just saw him kill Jenkins.'  
'What?! Ghost's ghost killed Jenkins?'  
Yea, a ghost of nobody in particular... lol :D

Thanks WigTii!

Night actions are in....

Cal Tracks Pod  
Vis disguises as Mad  
Oni scans Broba  
Vis kills CNinja

And D2 begins...

Who do you guys think is going to get lynched? I think Ovi is going to be payed a visit by our SK in the night...

Cal and Oni did great jobs passing their info to each other... Vis is gonna have to play smart to get by those two...

Wait - don't you mean Cal tracks Pod?-yes thanks So Broba was scanned. And Cal knows that Pod didn't do anything, which is why I guess he says he's feeling town. So they know that Broba and Pod are clean? That's useful info.

That is a ballsy claim by Pod, how's this gonna play out? He's either gonna get killed... or make the town team use its recruit Yeah, either of those would be a sad backfire. If somebody visits himself, is he seen as doing anything?

Looking at it now from the outside, Vis' request of Pod (full claim) is super scummy. No one flinched on it though.

Yea, pretty much everybody was asking Pod to claim tho, welcome to the chat BTW

Hi Cninja.

Busy day for me. I just caught up with today...no direction, a bit of role fishing and random vote casting. Pod is claiming doc and is getting away with it. Lol.

Toad...regarding lynch candidates, hard to say at the moment. I do agree with you that Ovi might receive a visit from Vis during N2 if he isn't lynched before then. Mad is pushing Ebon at the moment. Still a few voices not heard.

Vis is completely under the radar right now. People really focused on Ovin and Mads and Pod. If I were Vis I'm not sure I'd kill Pod. If he isn't hammered today, I think he'll go tomorrow. Also, does the setup mean that Broba and Onidsen are in chat now? Broba was not recruited, Cal and Oni have night chat

Looks like Ebon is getting the hammer today which is bad for town... if Vis gives the thread a solid read he'll find that Mad outed himself with his Vanilla flavor question early D2.

I'm kind of betting that they don't get a consensus. Does majority vote get the hammer? Nope there must be a half+1 majority to hammer... a no-vote here would be the best for town IMO

Well there is the first hit on Vis. I wonder if anybody will follow Pod. Pod has got some of the strongest read abilities... if he'd only tone down his nutty play style Totally agree here Agreed

Damn... Ebon and Pod are tag teaming Vis right now...

And it ends in a no-lynch! That was honestly the best thing for town. I can't wait to see how this night plays out. Well the best would have been to follow the train on Vis. :) They were so close.

Night Actions:

Cal watches Mad  
Vis disguises as Pod  
Oni scans Ovi  
Vis kills Cal

Really cool setup, Toad.

Man, Vis would've had me hard-charging Pod if he hadn't killed me. Now you make me regret my choice...

Thanks Cal

So... Broba is upset that I called time? Had I written out the whole post and he got his vote in it would have still been late.

I posted time at a minute past after I reloaded the page

I think we are in for quite a day... Vis is ahead but if Pod and Ebon continue their pressure from yesterday he's gonna be in trouble

Oni is working on a scheme, just asked me if his recruit still happens if he dies... he must be about to go for a Hail Mary

Come on Oni, you can do it!

Man, they are so close. . . the ones who are holding it up are the ones who were most after Vis yesterday!

Things are busy with me right now, but I'm still watching. This is wild...they are so close. One wrong post and they'll lose it.

Pods claim is what's holding the town back... it contradicts what Oni is telling everybody... they should of lynched Pod

I agree, ironically. He ended up doing more harm than good. Though the Mad-Ebon thing isn't helping either. That also is splitting the votes.

What a day... how did Vis make it sooo long at -1? Wonder the same

Wow what a shit storm! Why lie you ask?? A; Meta, I lasted probably about 2 days ingame longer than I would have without claiming. Simple.

Hard to be so close to Vis and yet so far... I still sense the walls are closing in on him .by PoE

Welcome Podster

Night Actions are in:

Vis disguises as Ebon

Oni recruits Ovi

Vis Kills Oni

Nice Good choice of Recruit too., Ovis kept his wits about him in this one.

Welcome Oni... You Obvscum you!

This is a real nice setup you got here Toadster!

Thank you!

Good setup. Explains why nothing was fitting in my mind. One scum makes so much sense.

And vis played it well. I expect that this is the last cycle. Lynch on mad or ebon, kill on the other one tonight. Either that or the town find vis

Welcome Oni and thanks!

Lets us not forget Ebon owes a left testicle on account of me not having a power role...=)

So here's the question... it's lookin like Ebon is going to get lynched atm, will Vis kill Mad and secure his win or kill either Broba or Oni and go for the super win... get the popcorn ready guys :) Yeah, Vis pretty much has this one. I find it hilarious that the two defectors are voting each other. That's a win-win for Vis. I thought the samd

Looks like we gotta god damn Mexican standoff!

Broba looks like the Town's last best hope.

Yeah Vis could be in danger of talking himself into trouble, but hes doing well so far. His indifference to naming a scum might look suspicious in ebon and mad keep going at each other.. Next few posts are crucial .

Wow... these guys are going in circles now!

Ovi has this locked in...

Yup, Broba should follow and pop this one.  
And there it is...

GG

Funny how I never got more than a 1/3 into my objective
