

Pearl's Party Girls (People) Manifesto

Whether you drink alcohol or not, Pearl's Party People lift your spirits! You may be a party girl if you consistently...

* show up *	<p>Commit to the party life. If something gets in the way of your sustainable hedonism, you find ways to resolve it when it's time to party. That means showing up in a timely manner, and being consistent, especially when you've replied "going" to something.</p> <p>"MY WORD IS BOND, I SHOW UP WHEN I SAY I WILL"</p>
* have & make fun *	<p>Show up prepared to make & have a good time in a full-out way, with the right attitude. Costumes and characters are always welcome.</p> <p>"I COME PREPARED TO MAKE THE MOST FUN"</p>
* steward safe space *	<p>You are highly attuned to your environment and know how to be a great hostess, break the ice, create conversation. Yet you do this in a way that respects your own needs and boundaries. You are open to many things, on your own terms. You also observe consent in your interactions to create safer spaces for others.</p> <p>"MY BOUNDARIES ARE PART OF MY SACRED STYLE"</p>
* seek support *	<p>Ask for help from your sisters (of all genders) when you need support. Take a break, take a breath, and take care of yourself. Be okay with not being okay 100% of the time. Do not bring unnecessary drama to events; seek healing and appropriate spaces for such moments when you are in need.</p> <p>"MY GRIT MAKES ME STRONGER"</p>
* love yourself *	<p>Radiate beauty inside and out, practicing self care and self love. Your body is beautiful. Your face is beautiful. You are beautiful as you are because of how you carry yourself and how you love yourself. You do not need makeup or anything to cover up, but you use it when you want to have fun and enhance your natural essence. Bio glitter is your fave.</p> <p>"I HONOR MY AGENCY & FREEDOM, AND CELEBRATE MY BEAUTY"</p>
* enjoy the feminine *	<p>No matter your gender, you appreciate and embrace feminine qualities and leadership style such as collaboration and community building, softness / subtlety, empathetic communication, and fabulous fashion. You recognize that masculine qualities also exist within each of us and have their purpose*. You may call on these qualities from time to time but more often allow your feminine to come out to play.</p> <p><i>*see Party Pirates for explorations of divine masculine</i></p> <p>"I EMBRACE THE FEMININE IN ME"</p>
* empower all genders *	<p>Participate in activism to further our inclusive and empowered fourth wave of feminism, involving male and non-binary allies.</p> <p>"I RECRUIT ALLIES OF ALL GENDERS"</p>
