Lecturers: José Mata, Carlos Marques

Table 1. Student evaluations (most recent)

Criterion	Average score	School average score
Microeconomics, Spring 2020 – Teaching Assistant (N=48)		
Organization of the classes	5.22	5.37
Ability to address questions from students	5.56	5.46
Ability to provide an effective learning experience	5.28	5.24
Microeconomics, Spring 2019 – Teaching Assistant (N=20)		
Ability to motivate and engage students	4.68	4.66
Organization of the classes	5.11	5.06
Ability to address questions from students	5.21	5.16
Ability to provide an effective learning experience	5.00	4.80
Microeconomics, Fall 2018 – Teaching assistant (N=32)		
Ability to motivate and engage students	4.58	4.64
Organization of the classes	4.90	5.04
Ability to address questions from students	5.13	5.13
Ability to provide an effective learning experience	4.73	4.80
Microeconomics, Spring 2018 – Teaching assistant (N=25)		
Ability to motivate and engage students	4.20	4.60
Organization of the classes	4.40	4.97
Ability to address questions from students	5.20	5.11
Ability to provide an effective learning experience	4.56	4.77

Notes: The scale ranges between 1-6. The school average serves as reference and encompasses all courses in the same program in the same semester (lecturers are compared to lecturers and teaching assistants are compared to teaching assistants). The school collects students' evaluations via an online questionnaire and answers are anonymous. N corresponds to the number of answers; the number of students is higher.

guest lectures

2022 Introduction to Discrete Choice Experiments (Health Economics and Policy PhD program)
Faculty of Health and Medicine, Lancaster University, Lancaster, United Kingdom

new teaching projects & development of teaching materials

2023-Present RaCES: Economic evaluation – The original RaCES is a MIDAS ARC NWC project that brings together academics and practitioners to elaborate short, structured summaries of systematic reviews of the literature that may be of interest to the practitioners. Now, we are replicating the project in the context of economic evaluations.

2022-Present ARC NWC MIDAS Health Economics Vlog Series MIDAS ARC NWC – This project consists of creating regular small vlogs explaining important economic concepts. The videos can be found in the Applied Research Collaboration North West Coast YouTube page.

supervision

2022 Rita Moreira, Hidden Sacrifices: A DCE evaluating students' priorities in Portugal, Masters' in Management, NOVA School of Business and Economics (grade: 18/20)

RESEARCH

ORCID-ID: [0000-0003-1018-2859](https://orcid.org/0000-0003-1018-2859) | [Google scholar](#) (h-index: 2)

fellowships

- 2016-20 Ph.D. Scholarship, FCT (Portuguese national funding agency for science, research and technology)
