

I highly suggest taking a photo before unpacking the kit - this way you know where everything goes at the end.

National Board Support Program

SWIVL Expectations

- Swivls are intended to record instruction either for reflection or sharing purposes with others.
- Please use the [SWIVL Checkout Form](#) to reserve your Swivl. You will need to reserve your SWIVL two weeks in advance. **Christina Roth will be in touch the week of the requested date to let you know when the SWIVL bundle is available for pickup at the Education Center. Your Google form submission is your confirmation.** 😊
- SWIVLs can be reserved for up to two weeks. Should you need more time, please reach out to Christina Roth to see if there is someone waiting to check out the SWIVL or if you can extend your time.
- Please ensure **all of the pieces in the SWIVL bundle are returned in the bag and organized** when you are finished.
- Bundles include:
 - **SWIVL Device in Case**
 - **SWIVL Sound Transponders (5)**
 - **SWIVL Stand & SWIVL Cords**
 - **iPad with charging cord**
- You can refer to the [SWIVL Manual](#) should you have any questions about set up or how to record.
- SWIVL videos are accepted for National Board Certification. However, keep in mind, that is not the only method of recording. The SWIVL device is not a substitute for capturing close conversations for National Board purposes.
