

DeSoto Independent School District
DACE Certification Directory

Welcome to the DeSoto Independent School Districts directory for the DeSoto Assessments for the Certification of Educators (DACE). Below, you will be able to find all DISD educators and view their certifications within DISD. These certifications are earned after educators pass the assessments relevant to their field of teaching.

The DeSoto Independent School District is committed to maintaining excellent educators within our school facilities. Each of our educators are equipped with the skills and knowledge needed to deliver our students with a strong and rigorous education in order to ensure they will be successful in their future endeavors. In order to ensure this, **all district educators are required to take the DACE assessment along with participating in any training deemed necessary by the DeSoto Independent School District Board of Trustees (BoT) and central administration.**

Any questions regarding DACE results or educator certification should be directed to Mikey Hillegass via
mhillegass.disd@gmail.com
